

A New TV Show called ***"Redeemed & Restored"***

Similar to the TV show, "Fast n Loud" on the Discovery Network, "Redeemed & Restored" takes the bleeps out of the verbal banter, adds an element of Love by giving back to single Moms and Families in need and you have this Faith Based TV reality show!

"Redeemed & Restored" will take gently used vehicles with minor problems, take the time to restore them in good working condition in our "Racing for Youth" program and then give them away to someone in need. Imagine a single mom that is struggling with her children and has no transportation. Then to be taken to our "Racing for Youth" garage at Union Baptist Church and be blessed with a working car, free and clear and ready to drive. Maybe a family that is struggling and just lost their vehicle to an accident with no way of getting it replaced. Giving them a working vehicle would be a blessing beyond blessings! That is exactly what we will do each week on "Redeemed & Restored".

This show was inspired by the Christian Lifestyle Network's desire to have a car build show without all the bleeps in the audio. That request was made to Matthew Sowash and he prayed over it and almost immediately the Lord gave him the show idea and the name of the show, "Redeemed & Restored". The network loved the idea and a TV Reality show was born. You can help us make dreams come true for single mom's and families in need by being a Partner with one of our sponsorship programs! Help us help others today!
