

## **Curriculum Structure**

Every half term, each year group will begin a new project, which encompasses all the required curriculum subjects. However, each half term the project will have a cross curricular focus therefore some half-terms have stronger emphases on different subjects. For example, Frozen Kingdom is a project for the first half of the Autumn term for Year 6s. The driver subject is Geography, but other subjects are included in this project and linked to the original subject (Geography in this case.)

## **SoW Key**

**Project Title**

**Subject Driver**

**TM:** Teaching Methodology

**AO:** Assessment Opportunity

**PSED:** Personal Social Emotional Development  
(Reception only)
