1. NOBUHLE & FAISON TRADING & PROJECTS

1.1. BACKGROUND OF THE ORGANIZATION

Nobuhle & Faison Trading & Projects is a construction company focusing on civil works construction and building works.

Nobuhle & Faison Trading & Projects was founded by Nobuhle Makanda in the year 2017 and she is the Director of the company. The company is made up of experienced and dedicated team of professionals. The company has 12 black workers. We pride ourselves in supplying cost effective and detailed solutions in all of our projects so that the client gets value for money all the time.

Our aim is to provide clients with high quality services and products through pro-active experience-based advice, innovative ideas and practical solutions. Our operations are cost effective and environmentally sustainable through combination of latest technology and best practices principles.

Nobuhle & Faison Trading & Projects has formed strategic partnerships with professional organisations and individuals in the industry hence expanding its body of knowledge and expertise base.

1.2. VISION

Nobuhle & Faison Trading & Projects would like to be one of the world class leaders in innovative construction management, project management, quality assurance, job creation and maximization of economic and social benefits for our clients. This will be achieved by employing a wide variety and diverse individuals who will undergo continuous training in their respective fields.

1.3. MISSION STATEMENT

Nobuhle & Faison Trading & Projects will supply outstanding service and solutions through dedication and excellence. Our purpose is to create superior value for our customers, employees, communities and investors through guided and relentless focus on our imperatives. We will deliver operational excellence in all aspects of the company and meet or exceed our commitments to all our prospective customers. We will strive to implement a long-term relationship with our clients, based on the safety, quality, timely service and an anticipation of their needs. To help fulfil this mission, we will treat all employees fairly and involve them in the quality improvement process to ensure responsiveness and cost effective work execution.

2. OWNERSHIP AND MANAGEMENT

The company is 100% owned by a Black Empowerment individual. The company believes in supporting the professional development of its entire staff thereby enhancing their competency and ensuring that they continue to produce high quality work. Training is a vital aspect of the firm's activities. We encourage personnel to attend courses, seminars and refresher courses relevant to their field of expertise.

2.1. EMPLOYMENT EQUITY POLICY

Nobuhle & Faison Trading & Projects up holds the objectives of access to equal opportunities for all its staff members and encourages their full participation in the operation of the firm.

2.2. PARTNERSHIP

Nobuhle & Faison Trading & Projects is a small up and coming Construction Company. In view of this, it has resolved to form strategic/professional partnerships with established construction companies and well qualified individuals in the construction industry. This will help the company to grow both in terms of capacity. Where capacity shall refer to finance base, human resource, plant and equipment and expertise.

3. SERVICES

Nobuhle & Faison Trading & Projects intends to provide the best products to its clients by embracing the profitable partnership model with its clients, which enhances mutual growth and full market potential.

4. QUALITY CONTROL AND METHODS

Nobuhle always strive to provide clients with the best quality of products and workmanship. In view of this, the company has a comprehensive modus operandi which guides all works carried out on its projects. The company has a generic mode which is usually modified to suit the job at hand. A comprehensive quality control plan is usually made available to the client at implementation stage or at a time as may be indicated by the client.

Nobuhle believes in working close with engineers and the client involved. This allows the stakeholders to have a chance to supervise the project at every stage and issue approvals on work completed. In this way there is little time wasted in alterations and the best quality satisfactory to all stakeholders is achieved.

5. Below is a generic schematic diagram of our mode of operation:

7. HEALTH, SAFETY AND ENVIRONMENTAL MANAGEMENT

Nobuhle has a well-established health, safety and environmental management system. Nobuhle values the health, safety and wellbeing of all people associated with our contracting and construction activities and aspires to providing a safe and healthy workplace that is injury free. Nobuhle strive to minimize any adverse environmental impact of its activities.

Nobuhle believe that it is everyone`s responsibility to provide a safe and healthy workplace and to minimize workplace illness and injury and foster good environmental practices.

8. CONCLUSION

At Nobuhle we recognize that we must integrate our business values and operations to meet the expectations of our stakeholders. These include customers, employees, regulators, investors, suppliers, the community and the environment. We recognize that our social, economic, and environmental responsibilities to these stakeholders are integral to our business. We aim to demonstrate these responsibilities through our actions and within our policies.
