President's REPORT

Greetings members,

Hope you are all well and finding ways to fish with friends and family. Bill's Musky Club Outing started its outing season traveling to Pewaukee Lake with the Muskellunge Club of Wisconsin. MCW and Bill's Musky Club are the two oldest musky clubs on the planet, and we fish with each other in the spring and in the fall in separate challenges. Last year during the spring, no legal muskies were caught by either club. This year, Tim Plevak landed a 39" musky to win the Old Club challenge. His fish was the only fish caught during the outing, securing the victory for Bill's.

Our club also faced 12 Apostles Musky club (Stevens Point) June 4 on the Wisconsin River from the Mosinee dam to the DuBay Dam. The Stump Challenge vs. 12 Apostles Musky Club brought nearly thirty anglers together, catching 9 muskies. The trophy was again secured by Bill's with the largest fish caught again by Tim Plevak, a 46.25" tank pictured on the front cover. Congratulations Tim and Bill's Musky Club for a great start to the season.

Bill's Musky Club finished its early season challenges at the Spring Outing against Dave's Musky Club from Kaukauna, WI. A special thanks goes out to all the members of Dave's Musky Club for providing such a nice meal at Lake Tomawk Park. Over 50 members of the two clubs attended the outing. Results of the event are still being processed at this time, but the weather would not deny the members of each club a chance to earn the trophy.

Last winter, our Bill's Musky Club Annual Banquet numbers were slightly down compared to 2021. Our goal is to grow our Banquet to over 200 guests, so we are asking that all members please invite friends and relatives to our 2023 banquet. Our guests were very pleased this year with both the raffle prizes and meal. Our banquet next year will be at the Statroom (Central WI Convention and Expo Center) Cedar Creek on April 21, 2023, doors open at 4pm. You will find a banquet reservation

and a large selection of tackle

on (page 10) of this newsletter. This is an event you want to mark your calendar and plan to attend now. Our club cherishes your attendance and we look forward to celebrating a big crowd.

If you haven't seen the Bill Hoeft big fish 54.5" 44# displayed at the DNR station (Rib Mountain), take time to go check it out. Thanks to Corey Sandquist for donating the legendary mount and special thanks to Joe Fittante Taxidermy for his work repairing this historic club treasure.

Our speaker seminars also finished well this off season. Guest speakers addressed our club at Dale's Weston Lanes from the months of Dec-May on the third Monday of the month (except Dec. which is the 2nd Monday). This year

we heard Mike Suick, Mike Taake, Jason and Fischer Smith, Rich Reinert, Cody Hahner, and Jim Korducki. We look forward to again hosting these free meetings open to the public in 2023 and hope to see you there.

Scholarships were given to Wausau West, Wausau East, and Mosinee High Schools this year. Next year we plan to give a scholarship to D.C. Everest as well, but no one applied for the award this year. Bill's Musky Club picked up 50 new members at the Central Wisconsin Musky Expo in 2022. We would like to welcome our new members and thank all the Board members and friends of Bill's who helped by working the shows, the banquet, and the many events sponsored by Bill's Musky Club.

If you haven't noticed, it's the busiest folks who have been catching all the fish and having the most fun. You need to stay busy and join us at every event you can possibly attend. If you don't have a boat, reach out to us and we can arrange to get you fishing with a new friend. We are so proud to be members of Bill's Musky Club! We hope that you tell your friends to, "Join the Fun! Join Bill's Musky Club!"

LOCAL MUSKY GUIDE SERVICE MAKES CLUB DONATION

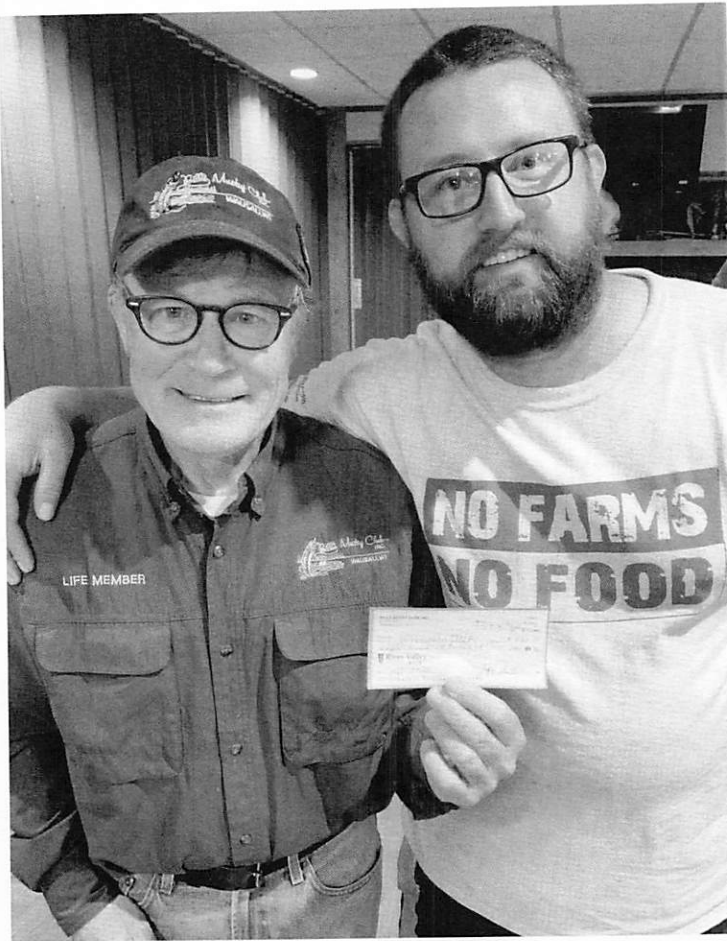

by Jeff Micholic

Local musky guide Todd Schulz, Musky Moon Outdoors Guide Service, recently donated \$410 he collected from an event sponsored by Sutton's Wine Bar of Merrill. The generous donation to our musky stocking efforts on the Wisconsin River along with a matching fund grant from Bill's Musky Club will purchase \$820 worth of Passive Integrated Transponders (PIT tags).

Passive Integrated Transponders, or PIT tags, are tracking tags that do not require power. Instead, they have an internal microchip that is activated when it passes close to a special antenna (chip reader). The

continued on next page

Bill's Musky Club will continue to help us understand our local musky population and fulfill our mission of conservation for many years to come.

magnetic tags are about the size of a single grain of rice and cost about \$1.50 each. Once a chip reader passes over the inserted pit tag on the fish, it records the identity number of the tag. The tag data collected over the lifetime of the fish will tell local fish biologists important information about the lives of many muskies on the Wisconsin River.

This data will potentially give each musky on the river an identity. The data can help us eventually determine population density, growth rate, catch frequency, travel routes, natural reproduction, age, and fish mortality. It would also give local anglers an opportunity to get involved in the research. Anglers would need to carry a chip reader in their boat and report the scanned fish ID#, the time of catch, location of fish, and measurement of fish to the DNR. Information would also be collected when the DNR biologists and technicians periodically perform creel surveys on the Wisconsin River System.

The combined purchase of pit tags by Todd Schulz and Thank you, Todd, for your generous support!

MUSKY CLUBS ALLIANCE OF WISCONSIN

Bill's Musky Club is a member of the Musky Clubs Alliance of Wisconsin. The Alliance is an organization to which 24 different musky clubs belong.

The purpose of the alliance is to provide an organizational framework in which the clubs can share information and work together to improve the musky fishery in Wisconsin.

The Alliance meets on the first Saturday in April and November in Stevens Point, usually at the Stevens Point Moose Lodge. Meeting usually start at 10:00 a.m. Their web site is:

<http://www.muskyclubsalliance.org>.

If you have items that you would like the Musky Alliance of Wisconsin to discuss, please contact:

Hookin' N Shootin' Guide Service is based in Wausau, WI

We would love to take you out on the lake or river for that musky of a lifetime, or even for some walleye or panfish.
How about even a black bear in the deep woods or a strutting spring tom.

Fun for all ages!

For unsurpassed, state-of-the-art, **custom-created** replicas from an artist with more than **40 years** experience, with a reputation for "matching the catch," there's really only one choice.

Fittante

TAXIDERMY

Capture the moment

"Joe Fittante is the only taxidermist I have found who can accurately reproduce the true colors and markings of a living musky. His painting technique separates him from the rest."
