- No Quorum. Meeting for discussion purposes only

Allen gave a brief report on Oktoberfest and some changes to the music lineup. Noel has met with Whitaker Bank about sponsoring the event.

Julie referenced the tentative budget included in the packets. The budget was created in January to include with funding requests. The City has not indicated that any funding was set aside for Harrodsburg First. Julie shared records that the organization has been funded by the City and County as far back as she could find – the early 1990's. Harrodsburg First was founded in 1987.

It was suggested by the city, unofficially, that Harrodsburg First approach the Tourist Commission for funding for both the program and Oktoberfest. Everyone agreed that we should appear before the Commission as they have always included HF in their budget. A request has been submitted asking for a slot on Monday's Commission agenda and the board members all agreed to be present for the meeting. Julie will prepare some information and distribute for a presentation on Monday.

With no other business, the discussion was tabled and the group adjourned.
