

Mohan's has not been immune to the current labor crises facing our community and nation.

We have tried, and will continue to try, but have been unsuccessful hiring additional staff.

The labor shortage has placed an unfair burden on our existing staff. In order to provide our staff a better work-life balance we have decided to close on Tuesdays beginning Tuesday, July 20. Being closed on Mondays and Tuesdays will ensure every employee receives 2 days off back-to-back.

This will not "cut" any staff member's hours but will allow us to schedule more staff per shift to lessen the work burden and provide better service to our customers.

We are hoping this will be a temporary condition.

Thank you for your support and understanding.
