SharpCone

Supply all Kinds of Reliable and Quality Plastic Materials

Materials		Size/mm	Advantage	Price	Models
	ABS	Sheet up to: 2000*1250*200 Rod up to: 3000*Ø300	Common thermoplastic, impact resistant, easy to machine.	\$\$	ABS ABS-FR
	G10 FR4	Sheet up to: 2060*1220*200 Rod up to: 3000*Ø300	High strength, low moisture absorption, and high level of electrical insulation.	\$\$	G10-G FR4-G
	HDPE	Sheet up to: 2000*1000*200 Rod up to: 3000*Ø300	Excellent strength-to-weight ratio, impact and weather resistant.	\$	HDPE
	Nylon PA	Sheet up to: 2000*1000*300 Rod up to: 3000*Ø300	Excellent mechanical properties, thermal, chemical and abrasion resistant.	\$\$	PA-6BU PA-6/6 PA-6/630 PA-6B
	PC	Sheet up to: 2440*1220*200 Rod up to: 3000*Ø300	High toughness, excellent impact strength, transparent.	\$	PC-20G PC-B PC-C PC-T
	PEEK	Sheet up to: 2000*1000*200 Rod up to: 3000*Ø200	High-performance thermoplastic, very high strength, thermal and chemical resistant.	\$\$\$	PEEK
	PET	Sheet up to: 2000*1000*200 Rod up to: 3000*Ø300	Tough plastic that offers excellent wear resistance and mechanical strength.	\$	PET

Materials	Size/mm	Advantage	Price	Models
 <p>PMMA Acrylic</p>	<p>Sheet up to: 2440*1220*200</p> <p>Rod up to: 3000*Ø300</p>	Transparent rigid plastic often used as a substitute for glass.	\$	PMMA
 <p>POM Delrin Acetal</p>	<p>Sheet up to: 2000*1000*200</p> <p>Rod up to: 3000*Ø300</p>	High stiffness, high accuracy, low friction, easy to machine.	\$\$	POM-H POM-H20 POM-C POM-CE
 <p>PP</p>	<p>Sheet up to: 2000*1000*200</p> <p>Rod up to: 3000*Ø300</p>	Excellent chemical resistance. Food-safe grades available.	\$	PP-HO PP-CO
 <p>PTFE Teflon</p>	<p>Sheet up to: 2000*1000*200</p> <p>Rod up to: 3000*Ø300</p>	Low friction, chemical and thermal resistant.	\$\$	PTFE
 <p>PVC</p>	<p>Sheet up to: 2440*1220*200</p> <p>Rod up to: 3000*Ø300</p>	Excellent chemical and weather resistance and good toughness.	\$	PVC
 <p>PVDF</p>	<p>Sheet up to: 2000*1000*200</p> <p>Rod up to: 3000*Ø200</p>	High tensile strength, good radiation resistance, good abrasion resistance.	\$\$\$	PVDF
 <p>UHMW</p>	<p>Sheet up to: 2000*1000*200</p> <p>Rod up to: 3000*Ø300</p>	Excellent impact resistant, wide temperature range, Resists most chemicals.	\$\$	UHMW-PE

SharpCone is a local material supplier in Canada, SharpCone, with a professional team, can supply all kinds of plastic materials. SharpCone has a good and stable relationship with the world's best material manufacturers. SharpCone supplies good quality products with fast delivery and fair price to customers for years.

SharpCone

Supply all Kinds of Reliable and Quality Plastic Materials

Good Quality • Fast Delivery • Fair Price
