ABOUT SLH

For the Independently Minded

Small Luxury Hotels of the World™ (SLH) is the most desirable community of independently minded travellers and independently spirited hotels in the world. We've personally visited, verified and vetted every single one of our 520 hotels in more than 90 countries – each one is anti-chain and anti-same. With just 50 rooms on average, SLH properties are able to offer secluded, discrete options with the highest standards of luxury and guest wellbeing. From rustic fishermen's huts and woodland treehouses to rainforest retreats, alpine chalets and desert-style 'dude' ranches, no two stays are the same in our characterful collection of intimate spaces in unusual places.

A woman with dark hair tied up, wearing a red one-piece swimsuit, is sitting on a large, flat rock at the edge of a swimming pool. She is looking down at her hands, which are near the water. The pool is surrounded by a dense tropical forest with many tall palm trees and other lush greenery. The scene is bathed in warm, golden light, suggesting late afternoon or early morning. In the background, a wooden chair is visible on the left side of the pool.
