Really informative and enjoyable session thank you for organising 🙌. I would recommend going to this when it's run again for improving ipad skills and discovering how our kids use them to learn.

Tracie Patterson

A fun and informal session, thank you. You were all very supportive for someone like me who can't work an iPad!

Pam Guthrie

Really good session, especially for 'auld folk' like me and not very good with technology. Very informative! Thanks for organising. 👍

Koobs Helen

Absolutely! Really informative and helped me understand iPad use in school, particularly about Showbie and how to use it. Great fun too with the Spheros! Thank you 🙏😊
