2026 ROCKING CASH STALLION BREEDING CONTRACT

GENERAL TERMS:

1. **RUNNING RIVER RANCH, LLC (RRR)** hereby reserves one breeding to **ROCKING CASH**, AQHA Registration #5991779/APHA Registration #01116173, 7 PANEL: N/N, for the Mare _____, Registration # _____, for the Breeding Fee of \$2,000.00 (\$1,500.00 if contract is executed and Breeding and Chute [\$650.00] Fees are received by December 31, 2025), plus shipping fees. Breeding and Chute Fees are payable to RRR. Shipping fees may be payable to RRR, or others, depending upon method of shipping during the 2026 breeding season, February 1 to July 15, 2026.

Shipping fees are actual carrier rates to your designated location for the date requested. A shipping fee is required for each individual shipment.

ROCKING CASH may continue to show throughout 2026. Frozen semen will be available for this breeding contract, unless the horse is available for collection and arrangements are made for delivery of fresh cooled semen.

2. SEMEN WILL NOT BE SHIPPED UNTIL THE BREEDING AND CHUTE FEES ARE PAID IN FULL, A SIGNED CONTRACT, AND A COPY OF THE MARE'S REGISTRATION PAPERS ARE RECEIVED BY RRR.

3. This contract is non-transferable and is not assignable without prior written consent from RRR. Contracts paid in full but not utilized will be cancelled and refunded after July 15, 2026.

4. If the above-named Stallion should die or become unfit for service and there is not any frozen semen available for use, or if the mare should die or become unfit to breed, this contract shall become null and void, and any money paid as part of this service (except Chute and shipping fees) shall be refunded.

5. Owner must attach a copy of the mare's registration papers (front and back) to this contract and provide all other information as requested. The Owner agrees to breed the mare specified in the contract. If a mare change/substitution is needed and a copy of new mare's registration papers are received by RRR, the first substitution is free of

charge. Each additional substitution will incur a \$150 management fee unless extenuating circumstances apply. An additional breeding fee of \$1,000 will be charged for inseminating any other mare without notifying RRR first of the change, breeding a mare multiple times without the matching number of paid contracts prior to breeding, or breeding any mare without a current paid, new or re-breed contract in place.

6. Should any foal born to the mare pursuant to this contract, not stand and nurse, the Owner shall be entitled to a re-breed during the 2027 season. THIS RE-BREED SHALL APPLY ONLY IF RRR IS NOTIFIED WITHIN ONE (1) WEEK OF THE DEATH OF THE FOAL. THIS NOTIFICATION MUST BE ACCOMPANIED BY A STATEMENT FROM A LICENSED VETERINARIAN, STATING THE CAUSE OF DEATH. The Owner shall pay Chute and shipping fees for re-breeding, under the same terms set forth in this contract for the following breeding season. If re-breeding is not attempted in the 2027 breeding season the contract will be voided.

7. Should the mare's Owner successfully flush an embryo from the mare, this contract is fulfilled. If there is a negative flush, the Owner is entitled to a second or third dose if required as described in this contract, dependent upon semen availability.

8. This contract provides for one (1) Breeder's Certificate. If multiple embryos are retrieved from conventional embryo transfer, an additional management fee of \$300 for each embryo will be assessed. It will be the responsibility of the mare's Owner to notify RRR of the number of embryos transferred. If multiple embryos are desired and more than one breeding is required, an additional contract is required for each breeding.

9. If the mare Owner desires to freeze embryos, it will be the mare Owner's responsibility to pay all nomination fees. It is also the mare Owner's responsibility to notify RRR when the embryo(s) is frozen and when utilized. If not reported by November 1st of the breeding year, the mare Owner will be responsible for all late fees (currently \$100 per embryo). If ICSI procedure is used to produce multiple embryos, additional Embryo Fees will be paid as follows: Advertised breeding fee for year each embryo is utilized plus a management fee of \$300 each (all fees are due when the recipient mare has a positive 60-day pregnancy check).

10. TO OBTAIN A "BREEDER'S CERTIFICATE" YOU MUST NOTIFY RRR OF THE BIRTH OF THE FOAL. CERTIFICATE WILL NOT BE ISSUED IF THE ACCOUNT HAS NOT BEEN PAID IN FULL. THE STALLION OWNER IS RESPONSIBLE FOR SIGNING THE BREEDER'S CERTIFICATE.

11. In the event of any injury or death to the mare and/or foal, the mare Owner will look solely to his/her own insurance. In the event anyone assesses a cause of action against the Stallion Owner on account of injury or death to the mare and/or foal, RRR shall be held harmless from any such cause of action including cost of defending same.
