Tia Briscoe an Administrative Specialist at Versant Health. She has worked around and with youth since she was 11 years old as a teacher's aide, youth mentor, and youth works specialist. She has always had a passion for children, their well-being, and success. Her values rest in assisting, supporting, and the mentorship of the next generation.

As a board member, she will use her networking skills and resources to assist with prospect research and opportunities for development to foster this amazing organization into its next decade of success.
