

## Standard Buildings

Choose a Standard Building Style then choose an Add-On Package to the right

### Lofted Barns

The Lofted Barn is ideal for customers needing to maximize their available storage space. The gambrel (barn-style) roof provides a traditional appearance and increases the total loft space.

### Utility Sheds

The gable style roof of the Utility Shed provides the option for increased wall height, making it feel more spacious on the inside and leaving room on the walls for taller storage shelves, long garden tools, or ladders.

10' x 12' Lofted Barn. Smokey Blue paint with Barn White trim paint on LP Smart Panel Siding.

10' x 20' Side Lofted Barn. Buckskin Paint with Barn White trim paint on LP Smart Panel Siding. Options shown: two 3' x 3' windows.

10' x 12' Utility Shed. Rosemary Green paint with Barn White trim paint on LP Smart Panel Siding.

10' x 16' Side Utility Shed. Treated T1-11 Siding. Shown with options: three 2' x 3' windows & 8' tall walls.

- Iconic barn-style roof
- 6'3" standard inside wall height
- Up to 8' of loft included FREE (No price credit for subtracting loft)
- 8' wide buildings come with a single barn door
- 10' and wider buildings come with double barn doors (excluding packages)
- See Price List for available sizes in your area

- 5/12 Pitch gable-style roof (7/12 roof pitch upgrade available)
- 6'3" standard inside wall height
- 7' (81" inside) or 8' (92" inside) wall heights available
- 8' wide buildings come with a single barn door
- 10' and wider buildings come with double barn doors (excluding packages)
- Loft can be added for additional cost
- See Price List for available sizes in your area

## Specialty Buildings

### Barns (Non-Lofted)

- Iconic barn appearance
  - 4' side wall height
  - 8' wide buildings come with a single barn door
  - 10' and wider come with double barn doors
  - See Price List for available sizes in your area
- Options Shown: Windows in Double Barn Doors

### Single Slope

- Single slope roof style
- Rear wall height: 84" (depending on siding chosen)
- Front wall height: minimum 100" (increases with shed width)
- Roof pitch: 3/12
- See Price List for available sizes in your area

### Animal Shelters

- 4" x 6" Pressure Treated perimeter base, 1 1/4" Pressure Treated Kick Boards approximately 4' high, spaced 1.5" apart.
- Standard stall opening is 8' wide. One stall is standard per 12' of length (10' x 12' = 1 stall, 10' x 20' = 1 stall, 10' x 24' = 2 stalls).
- Tack room is not included. Additional stalls (includes opening and divider) can be added for an additional cost (optional). See Price List. Buildings will be set directly on ground with no blocking. Ground must be suitable for application prior to delivery.
- See Price List for available sizes in your area

- Tack rooms require a minimum of 4' added to the 12' of length needed per stall (E.g. 1-stall plus a 4' wide tack room requires a minimum of 16' total length).
- Tack Room starts on an outside end wall. Additional cost to start on an inside divider wall. See Price List.
- Pressure Treated or T&G flooring depending on area and availability.
- OSB divider wall between tack room & stall.
- 3' Wooden Barn Door on all tack rooms. Upgrade to 4' Wooden Barn Door. See Price List.

## Metal Buildings

### Non-Certified Wood Framed Buildings with Horizontal Metal Siding

Doors and windows on end walls only. Can be certified in some areas for an additional charge.

### Metal Lofted Barns

- 6' 7" standard inside wall height
- Up to 8' of loft included
- No price credit for subtracting loft
- Choose up to 3 Standard or Special Order Metal colors for the roof, siding and trim (all colors same price)
- See Price List for available sizes in your area

### Metal Utility Sheds

- 6' 7" standard inside wall height
- Choose up to 3 Standard or Special Order Metal colors for the roof, siding and trim (all colors same price)
- See Price List for available sizes in your area

## Flooring Options

## Options & Add-Ons

See Options & Add-Ons Table in our Price List

You choose: 5/8" Treated Square Edge Flooring or 5/8" T&G Flooring

### 5/8" Treated Square Edge

- 5/8" CDX Grade Square Edge, Pressure Treated Plywood
- Lifetime warranty against termites & fungal decay
- Choose this flooring if you want a lifetime warranty against termites & fungal decay and are not as concerned with small imperfections and knots in the appearance or seam gaps due to shrinkage from the pressure treating process

### 5/8" Engineered Tongue & Groove

- 5/8" Tongue and Groove, Engineered Panels
- Exceptional strength & stiffness for a flatter, more stable floor
- Free of knots and patches with a thermally fused face
- Advanced resins are moisture resistant
- Choose this if you want a seamless floor with a virtually flawless appearance

**Upgrade:** Single-layer or double-layer 3/4" Flooring. See Price List.

Standard floor designed for 300 lbs. POINT LOAD spread evenly over an area no less than 5 inches by 5 inches. Additional options are available. Upgrade to thicker flooring, 2x6" Joists and/or 12" On-Center Joists for a more heavy-duty floor.

## Floor Joist Upgrades

**2x6 Pressure Treated Joists**  
2x4 are Standard
