NEW E-MAIL: ritatottenhamstudios@gmail.com

Dear Parents and Students:

As it is getting closer to re-opening for September classes, even though I follow all the State guidelines, I wasn't sure that I was doing all that I could to protect my staff and students.

With that in mind, I decided to invest in the security of peace of mind. I want to have the best for my Studio Family, so I purchased the Beyond Guardian Air Purification System. It is based on technology originally developed by NASA for use on the International Space Station which removes 99.999% contaminants in the air and on surfaces. It's a removal system killing viruses, and infectious agents while being chemical free containing UVC light which is a germicidal lamp. This removal system continuously cleans all the air in our Studio, 2,000 square feet, every hour, and we will be running it 24 hours per day.

Here are some of the allergens and infectious agents that it kills compiled from the US Center for Disease Control, US Environmental Protection Agency:

Dust, pollen, mold, fungi, bacteria, strep, pneumonia, SARS, RSV, TB, and just recently approved for killing Covid-19 plus many more.

I hope this brings you a little more peace of mind. Don't forget to sign up for Open House shoe and dancewear fittings and Studio tour Sunday, August 21st. If you haven't done so, please get your registrations back to secure your space in our limited classes.

Enjoy the rest of your summer and we'll see you in September!

Miss Rita
