

Kellsons Flavour Train

October 19, 2020 • Edition 1

Welcome to our first mail out and thank you very much for being a valued customer and supporter through the years. Please feel free to share this if you have any “Sauce Lovers” in your network!

We have created this newsletter to get information to you about our ever-expanding array of **Craft Condiments**, talk about what is new and exciting, and to let you know about special offers and promotions. 2020 has prompted us to change our model, and we now offer weekly **FREE, contactless deliveries in Waterloo & Wellington Counties**.

We miss all of our friends at the Farmers’ Markets, for sure, but our main objective is to get you, our cherished fans, the best possible, all natural, delicious sauces with locally sourced ingredients, for your enjoyment!

Perfect segue into our first FEATURED product, **Winter Is Coming Hot Craft Ketchup**. Talk about LOCAL! All of the tomatoes and four different types of Hot Peppers (Dragon Toe, Scorpion, Habanero and Jalapeno) are grown in *PolyTunnels* just north of Guelph at the *3 Beets to the Wind* acreage. Dave and Meg are longtime friends and fellow *mustard lovers* from the Guelph Farmers’ Market, and they have a passion for growing the best, organic and all-natural bounty!

This is a very complex and unique, fiery hot—like all of our hotter sauces it will not blow your doors off and is FLAVOUR forward—sauce!

Sure to sass up literally anything you cook up! This sauce has a lovely, smoky profile as a result of smoking the peppers. This small batch, limited release **only happens once a year** at harvest time. **Reserve yours now!**
