## CHELSEA

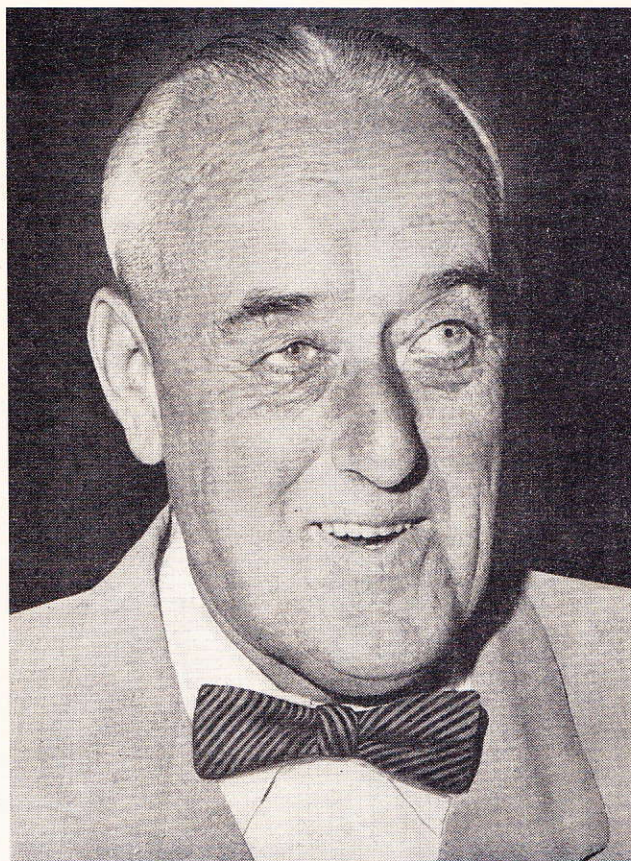

*The visiting Chelsea Soccer team is the third ranked club in the English first division today. Chelsea earned this position when it completed the past season with a total of 56 points, which only the two top teams in the league bettered for the season. Finishing just behind Chelsea on the league tables with 49 points was Everton, the team which toured Australia last year with such great success and enthusiasm. Chelsea is likely to engender as much or more enthusiasm during their visit. The team is a young one but highly proficient. Its coach is the former international player, Tommy Docherty, who is a strict disciplinarian. Only three weeks ago Docherty suspended more than half his first team players for a break in training discipline. Happily the players were eventually reinstated and all the top club stars will play in matches in Australia.*

*The major part of this programme has been designed to give information about Chelsea. By doing this no slight is intended toward local players. We feel that the local press, radio and television already make most of the top local players well enough known to the public.*

### AN M.G.A. PUBLICATION

This programme has been edited and published by M.G.A. Publications, P.O. Box 49, Double Bay, N.S.W., Australia, for and on behalf of the Australian Soccer Federation.

MR. W. G. WALKLEY, C.B.E.

### MESSAGE FROM THE PRESIDENT OF THE A.S.F.

On behalf of all soccer followers in Australia, it is my privilege to welcome the Chelsea Team to Australia.

Chelsea has contributed so much to football that we are honoured to have in Australia this most distinguished team.

Chelsea was founded in 1905, 60 years ago, and in 1906 they filled third place in the English League. Being the bright boys that they are, in 1907 they filled second place, and from then on Chelsea has won great renown throughout the world for its prowess and sportsmanship.

The Chelsea Team is a young team, and I am sure they will contribute in large measure to helping us in Australia develop the finer points of Soccer.

We are honoured to have with us during this tour Mr. J. H. Mears, Chairman of Chelsea, and his wife and two other directors.

To the Team and their Chairman and his wife on behalf of all soccer fans in Australia I extend our warmest greetings and I hope they will return to their homeland feeling, as we do, that Australia is a great country to live in and play football in, and whilst in Australia I trust they will enjoy to the full the friendship of the friends they will find in this country.

Finally I feel sure that, when our good friends of Chelsea return to England, they will be able to report that they found us here in Australia "citizens of no mean country".

*W.D. and H.O. Wills (Aust.) Ltd., Australia's principal soccer sponsor, is preparing already for another international series next year.*

*The Wills Company was associated with the Everton tour in 1963 and the Torpedo Moscow tour this year.*

*Wills and the Australian Soccer Federation, working in close collaboration, are about to open negotiations with at least one famous European club to come to Australia in 1966.*

*Provided satisfactory terms can be worked out there is a strong possibility that soccer followers will be treated to tours at the same time by two clubs of world standing.*

*A spokesman for Wills said: "We believe that Australian standards should be tested yearly. There is no other way to find our weaknesses and measure whether we are making progress toward correcting them."*

*The spokesman added that if a way could be found to have two great clubs' sides in Australia at the same time, matches between them, probably in Sydney and Melbourne, would give a tremendous lift to the game.*

*No other Company has a stronger identification with sport throughout Australia than Wills. There is scarcely a form of sporting endeavour that has not had the benefit of a Wills sponsorship.*

*The most notable of the Company's national promotions, apart from soccer, is the annual Wills Masters Golf Tournament with which the biggest names in golf have been linked. This year's Masters will be played during 4th, 5th and 6th November at the Australian Golf Club, Sydney.*
