AWSA PRESIDENT'S REPORT

The 1984 Open Championships in Canberra mark the completion of the first decade of women's soccer on a national level — ten years in which the AWSA has steadily forged ahead in State affiliations, player numbers and many other areas.

It is appropriate that as one of the "original" members staged the 10th Titles, one of the "newer" associations should be called upon to host this year's event which marks the beginning of an era in which the potential for development far outstrips the possibilities envisaged in 1974.

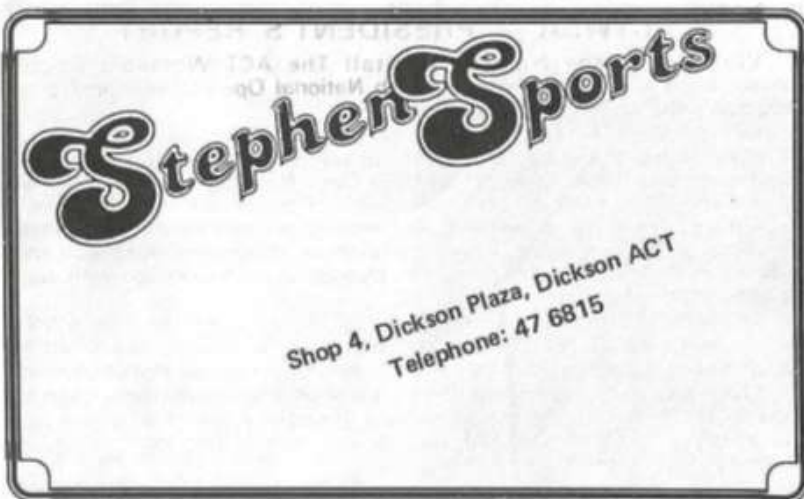

The first Titles provided the catalyst which set us on our way, and in 1984 we must capitalise on the foundations already laid and act with determination and foresight to promote our sport as being both progressive and stable.

The ACTWSA demonstrated their organisational capabilities last year with a very successful Australian U/15 carnival, and I am sure that this year's Open Titles will lack nothing that can be provided by hard work and careful preparation.

I know that all teams rise to the challenge offered by these Titles so another highly exciting Championship will be enjoyed by all. My thanks and congratulations to the ACT officials and members and my best wishes to all players.

ACTWSA — PRESIDENT'S REPORT

Welcome to the Nation's Capital! The ACT Women's Soccer Association is proud to host the 11th National Open Championship for women's soccer.

In 1983 we hosted the successful 2nd Under 15 National Championship. Since that time, we have worked towards the professional and collective organisation of the 1984 Open Nationals. Staging such an event should be both an administrative and promotional exercise. As a result, our aims are to widen public awareness and to increase player registrations in our sport. After only 5 years of administering women's soccer in the ACT, we are extremely pleased to be associated with such an important occasion.

The AWSA should be congratulated for introducing the AWSA Championship Rules Booklet. This valuable guide was used to systematically plan and delegate each of our organisational responsibilities.

I have sincerely appreciated the cooperation and commitment given by the ACTWSA committee and its helpers throughout this year. I have also been impressed with the ACT players and their willing participation in fund-raising activities.

The ACT Women's Soccer Association wishes all participating players, officials and supporters an enjoyable and friendly National Championship in Canberra.

Heather Reid

ACTWSA HISTORY — FIVE YEARS YOUNG

Women's soccer has been played competitively in the ACT since 1978. In those days the sport was under the administrative umbrella of the Canberra Men's League, although several women were actively involved with the women's committee. Late in the 1979 season, a meeting of women players decided we were ready to administer our own sport and after many hard-working weeks of constitution drafting and policy making, the ACTWSA (Inc.) came into being.

It has been a hectic five years! Naturally enough, we experienced the usual problems of any small and fledgling organisation, but we know that we have developed into a wiser and more efficient body because of it. The Association has many dedicated people to thank for its continuing development, far too numerous to list here completely. Nevertheless, special mention should be made to our past Presidents: Sarah Briggs, Clare McGrath and Stephanie Quinn, without whose vision and leadership we may not have made it.

We are proud of our first five years. In that short space of time, we have conducted the best possible club competitions, held several invitation tournaments, and hosted two National Championships. Our Association has always encouraged its individual members to participate in all aspects of the game: coaching, refereeing and administration, as well as playing. Our "raison d'être" is to give the women and girls of the ACT the chance to receive and give the best they can from and to the game.

Fly the friendly way.

TAA. The friendly way.
