DEAR ESTEEMED COMMUNITY MEMBERS,

As the Co-Founder and Chairperson of Bhagani Education, I am thrilled to extend a warm invitation to you to embark on an extraordinary journey with us in shaping the future of STEM workforce development and empowering the next generation of innovators and leaders. Our vision at Bhagani Education is to see a future with STEM equity for everyone, and our mission is to instill inspiration and facilitate action that closes the STEM gap and enhances culture with our innovative STEM2 experiences.

At Bhagani Education, we are passionately dedicated to transforming the lives of youth and young adults through our innovative approach to enhancing the education experience and providing comprehensive job training and readiness programs. Through our cutting-edge programs and holistic approach to community outreach and impact, we are committed to bridging the gap in STEM education and empowering youth and young adults with the skills, knowledge, and resources they need to thrive in today's competitive workforce.

Today, I invite you to #JoinTheJourney and partner with us in our mission to inspire and empower the next generation of STEM leaders. Your support and sponsorship will not only fuel our innovative programs but also make a meaningful difference in the lives of countless youth and young adults, equipping them with the tools and confidence they need to succeed in their educational and professional journeys.

Thank you for considering this opportunity to make a lasting impact. Together, let us ignite the spark of curiosity and innovation in the hearts of our youth and young adults, and pave the way for a brighter, more inclusive future filled with endless possibilities.

Warm regards,

Kassam Bhagani | Chairman  
**Bhagani Education 501(c)(3)**

## About Us

# We're on a mission!

The mission of Bhegani Education is to provide an effective, art-infused STEM learning environment through exposure and immersion experiences within Middle TN.

Our vision is to become a premier organization within the Southeast, USA and select African markets that helps develop the next STEM workforce and business leaders.

We are committed to educating youth and young adults with skills that will sustain them for life.

# STEM Bus

3

# Be

BHEGANI  
EDUCATION  
7.2019

The STEM Bus serves as a catalyst for change, addressing the challenge of transportation barriers that often hinder students' access to transformative educational opportunities. By retrofitting the bus with cutting-edge technology such as VR goggles, TV screens, and STEM lab kits, we are creating an engaging and interactive learning environment on wheels. Imagine students embarking on a virtual journey through the cosmos, conducting hands-on experiments, and exploring STEM concepts in real-time—all while on the road to academic success.

Additionally, we plan to maintain seat options that allow us to continue our college tour efforts, providing students with invaluable exposure to higher education institutions and inspiring them to pursue their academic dreams.
