

# IGNITE

## FUELING THE FIRE WITHIN

**A Hands-On STEM and Confidence Building Program for Students Transitioning to Middle School**

Support us with a powerful 9-week (3-3 week modules) program designed to help fifth graders grow in confidence, responsibility, teamwork, and self-awareness—all while having fun and building friendships with a STEM focus.

Each participant will receive a certificate of completion, t-shirt, goodie bag and leave with valuable life skills to help them take on the next chapter with confidence!

## How to Support

Sponsor a child to complete the program - \$50

Volunteer your time to come speak with the students during certain events

To learn more on how to support the program towards weekly snacks, STEM activities or end-of-year celebration visit [bheganieducation.org/ignite](http://bheganieducation.org/ignite)
