THE LOVE TOWN EXPERIENCE

Love Town is an Omaha-based nine-piece tribute band built around the timeless sound of Motown and the dance-floor energy of disco. With three front vocalists and a full live ensemble featuring keyboards, guitar, bass, drums, saxophone and violin, Love Town delivers a colorful, high-energy show designed to bring generations together.

THE SHOW

The repertoire reaches from classic early 1960's Motown soul into the 1970's disco era, pairing memorable vocals with a substantial live-band sound. The result is a celebration of familiar songs, strong grooves and audience-friendly performance - equally at home at festivals, theaters, casinos, corporate events, community celebrations and private events.
