

# 2022 XTD Packages and Options

## (BIY Kit Pricing)

**VALIANT**

FOR WHEN THE ROAD ENDS.

ENDS WHEN THE ROAD NEW IS

### Weekender Package

**\$19,698**

**Perfect for the weekend warrior who's "perfectly fine" sleeping on the ground but his wife is tired of it and he doesn't want a full on RV but needs something rugged. Estimated build time for an experienced DIY-er is around 80 hours.**

Electrical system with 110VAC, 12V and USB outlets. Requires shore / generator power to power AC household outlets. Lights, USB and 12v outlets will run off of your vehicle's battery when connected, provided your tow vehicle has a factory-installed 7-way connector.

Butcher block countertop for rear galley area, plus all other lumber, paneling, insulation, flooring, trim etc. Does NOT include any pre-cut material.

Interior LED's for the main cabin, galley, and under the rear door

Storage cubbies in the main cabin on the front wall, along the front corners and inside the rear dividing wall

Tern Overland Wildlands door, your choice of driver or passenger side

### Adventure Package

**\$27,698**

**Tired of carting around coolers of hotdog water, stopping every day for ice and little green propane bottles? The Adventure package has everything you need to keep you self sufficient and comfortable. Estimated build time for an experienced DIY-er is around 120 hours**

Includes Weekender Package

Furrion 3 burner stainless steel cooktop, and a Dometic CFX3 75DZ dual zone refrigerator/freezer. Propane is supplied by an 11lb tank with Powertank stainless steel mount.

Power upgrade with 1 200Ah deep cycle AGM battery and a 1kw inverter to power AC outlets. Allows all electrical systems to function off of battery power instead of relying on shore power or a generator. Includes solar input for portable solar packs.

Propex 2211 forced air propane furnace with thermostat

Maxxfan powered reversible vent fan with automatic temperature control

10 gallon Yakima Roadshower solar shower system.

### Expedition Package

**\$29,198**

**For those long range trips and the user looking to be fully self sustained, the Expedition Package has it all. Your wife will tell you to just get this one, and she's probably right. Estimated build time for an experienced DIY-er is around 140 hours**

Includes Adventure Package

Deluxe galley adds a stainless steel sink with running hot / cold water and a 15 gallon water tank. Exterior shower box included. (Replaces Roadshower from Adv. Package)

Dometic CFX3 75DZ dual zone fridge / freezer is relocated from under the counter to a custom enclosure on the tongue. Fridge slides out on a heavy duty slide to the driver side.

190W solar system with digital charge controller

Two large Arctic Tern gull-wing windows with blinds and screens	Electric self-adjusting trailer brakes (requires brake controller, see “universal add-ons” if your vehicle is not already equipped with electric trailer brake control)	
Heavy duty overland roof rack	Additional Wildlands entry door	
Rear hitch receiver	2” ball hitch is replaced with a Lock N Roll articulating hitch, includes adjustable-height vehicle-side adapter	
Wall-mounted spare tire on the passenger side behind the fender	Exterior porch lighting	
4 “c” type stabilizing jacks	Black diamond plate 34” aluminum tongue box	
Tri-fold memory foam queen mattress with washable cover		
Interior folding table brackets		
Cargo tracks for securing gear during transport
