

# 2022 XTD Mini Packages and Options

## Weekender Package

**\$19,900**

Perfect for the weekend warrior who's "perfectly fine" sleeping on the ground but his wife is tired of it and he doesn't want a full on RV but needs something rugged. It's also a great platform for the DIY'er looking to add their own modifications.

Electrical system with 110VAC, 12V and USB outlets. Requires shore / generator power to power AC household outlets. Lights, USB and 12v outlets will run off of your vehicle's battery when connected, provided your tow vehicle has a factory-installed 7-way connector.

Rear galley area with butcher block countertop, open storage space below, and storage cubbies above

Interior LED's in the main cabin and galley area

Storage cubbies in the main cabin inside the rear dividing wall

Tern Overland Wildlands door on driver side (can be swapped to passenger on request)

## Adventure Package

**\$29,900**

Tired of carting around coolers of hotdog water, stopping every day for ice and little green propane bottles? The Adventure package has everything you need to keep you self sufficient and comfortable.

Includes Weekender Package

Galley outfitted with Furrion 3 burner stainless steel cooktop, and a Dometic CFX3 75DZ dual zone refrigerator/freezer located in our custom enclosure on the tongue. Propane is supplied by an 11lb tank with Powertank stainless steel mount.

Power upgrade with two deep cycle 90 amp hour AGM batteries and a 1kw inverter to power AC outlets. Allows all electrical systems to function off of battery power instead of relying on shore power or a generator. Includes solar input for portable solar packs.

Propex 2211 forced air propane furnace with thermostat in the main cabin

Maxxfan powered reversible vent fan with automatic temperature control

10 gallon Yakima Roadshower solar shower system. Great for washing dishes, showering, carrying water for the dogs, etc.

## Expedition Package

**\$32,900**

For those long range trips and the user looking to be fully self sustained, the Expedition Package has it all. Your wife will tell you to just get this one, and she's probably right.

Includes Adventure Package

Deluxe galley adds a stainless steel sink with running hot / cold water and a 15 gallon water tank. Water heater is mounted externally in a pelican case and has a hose attachment for showering. Furrion 3 burner stove slides out from under the countertop to allow for additional prep space.

AGM batteries are relocated to a locking battery box on the passenger fender to allow for more under-counter space

Includes 130W Portable solar kit
