Wedding Decor Packages

Frequently Asked Questions

What am I responsible for bringing?

You can bring as much or as little as you want. We will set up your personal items in addition to the rental items.

Is renting right for me?

Some couples prefer to pack up and bring EVERYTHING to their wedding day. These packages are designed for couples who don't want the stress and extra work load of purchasing, storing, packing up, and delivering these items on your wedding day. To be honest, these items will be used only for one day.

Who will set up? More importantly, who cleans up?

We do! As part of your day of coordination package, we arrive hours before your ceremony to set everything up, decor rentals and personal items.

What do I get to keep?

The wedding decor packages are rentals, we will bring everything home. However, You do get to keep the complimentary card box so your gifts stay securely stowed away.

Can I substitute anything?

You can substitute our rental items with your personal items. For example: If you want to bring your own welcome sign, we will supply the easel!

Can I use the rentals without a DoC package?

No, the wedding decor packages are exclusively for our couples that purchase day of coordination.
