

Dear Friends,

May God bless you this day, and every day! From what we read in the news, it looks like this Thanksgiving may be a lonely one for a great many people. Even for those of us who do gather, the specter of infection may color the day in less joyful way than in years past. However and wherever we spend this Thanksgiving, let's remember that with God, we are never alone. God loves us with a steadfast and eternal love! Let's thank God for our friends and family and coworkers and neighbors and all the people in our lives! We will find that God's blessings abound when we seek and pray! This week, please pray for the healing of our world, and the reunion and restoration of our Nation. May we rise from this time of disease and dissent as One People out of many!

Have a safe and peaceful Thanksgiving!  
Anil
