

Dear Friends,

I pray that your week is off to a blessed start. May you enjoy great health in Mind Body and Spirit!

Please pray for your United Methodist Church in Florida as we gather in Lakeland for our Annual Conference. I'd love to have more of us go next year and in coming years. Starting on Thursday, please take a little time to tune into our live stream. I've included a link on the banner above, or you can click [THIS LINK](#) as well for a list of live streaming times and links.

The United Methodist movement currently spans four continents and embraces millions of people, all hailing from a variety of backgrounds, cultures and life situations. Around this time of year, Methodists all over gather for their annual conferences right alongside us. Our yearly gatherings remind us that we belong to a family in Christ far larger than ourselves.

In the coming days, let's celebrate our connection that embraces the entire world with Christ's Love!

"May mercy, peace, and love be yours in abundance." - Jude
