

Renewing Trinity's Memorial Garden!

Dear Friends,

You may have noticed in recent weeks that the Memorial Garden outside our Sanctuary is looking a little bare. Over the years, trapped heat, humidity and heavy rainfall from the roof damaged the plants and trees and made the surface of memorial bricks uneven and therefore difficult to navigate. Thanks to our Trustees, and to a generous donation, we are in the process of renewing the garden. The photo above offers an idea of what the Garden will look like once the project is completed. We should see a fully restored garden by the end of August.

Thanks very much to our leaders and faithful members who give of their time, talent and treasure to make Trinity a beautiful and welcoming House of the Lord!

"May mercy, peace, and love be yours in abundance." - Jude Anil
