

Dear Friends,

We apologize for not posting Sunday's sermon. Over the past week, our Media Department and volunteers from Trinity worked hard to install a brand new sound system in our Sanctuary. Unfortunately, our internet feed had not been integrated with the new system by Sunday. Just this morning our Media Team resolved the issue. We should have our livestream and recorded videos up this Sunday! Thanks so much to our Media Team and our Trustees for continuing to improve our live worship experience and our internet offerings! And thank you , dear friends, for your patience and understanding!

In the meantime, we hope you enjoy these photos from our Independence Day potluck gathering in Fellowship Hall. Even on a holiday weekend in the middle of summer, over eighty-five people gathered to celebrate our Nation's 250th Birthday and to renew and create friendships. A big thank you to everyone who grilled burgers and hot dogs, and who brought all kinds of goodies to share! We even had a woodwind quartet entertain us with patriotic songs!

Special thanks to Linda Burkard and the Tropical Breeze Quartet! We hope to have them play in worship someday!

We pray you all had a memorable Independence Day weekend, and that you are enjoying your summer, wherever you are!

"May mercy, peace, and love be yours in abundance." - Jude Anil
