Dear Friends,

I pray that you are all enjoying good health in Body, Mind and Soul. I also pray that you are all safe from Tuesday's deluge.

Late last week, I learned that several neighborhoods in Jensen Beach suffered severe flooding, with water inundating several homes.

I thank God for each and every one of you, because several Trinity members immediately developed a response plan to gather essential supplies for our neighbors in need. Our team is currently developing plans to work with local organizations to help our neighbors get what they need for now.

I was also amazed at the blessings of our United Methodist Connection while at Charge Conference yesterday! During our annual gathering, one of the leaders at FUMC Stuart asked me if we could use a few of the flood buckets they'd put together for emergencies such as this. I took home five flood buckets, each filled with cleanup supplies that will likely help to our affected neighbors!

Such is the gracious blessing of membership in the United Methodist Church!

As you might imagine, it will take time for families with flooded homes to repair and rebuild. Over the next days and weeks, we at Trinity will develop a list of needed supplies and communicate them with you. ANY contributions you can make will be a sign of God's love to our community. Please stay tuned for announcements on Sunday mornings, and to this email. If you know of someone who is not receiving this weekly email, please forward it. We'll find a way to get their subscription process going.

Thanks always for sharing God's Love with one another and the world!

"May mercy, peace, and love be yours in abundance." - Jude
