

RMHS Summer Reading 2022

Grades 9 and 10

This summer **all** 9th and 10th graders should read **one** of the following books. We have identified four categories of books in the hope that all students will find a title that appeals to their interests, but students are required to read only one book from the entire list (although we encourage you to read more!). Students will complete assignments related to the book when they return to school in September. Students are not required to take notes on the reading; but it is suggested, and note-taking templates will be available on the RMHS website.
