4	I found it beneficial to know that so many first responders have banded together to offer this conference to others who may be in need. I believe having everyone from veterans, law enforcement, EMS, fire, dispatchers, and spouses have access to this conference is crucial to long term success as a first responder. I will highly encourage anyone who is new to one of these career fields to attend a First Responder Conference.	6/15/2021 12:14 AM

9	This training offers real people with real life threatening situations, how they coped and what worked for them, and who was able to help them to survive. This is training outside the scope of what we have received for years and is very important to all first responders, whatever category you are in related to your work and your specific issues. Many tools are provided and teamwork, not separation, is encouraged. It is not them or us, "we" are a village and here to support one another. Donna VIN Specialist	6/11/2021 9:04 PM
