

TSXV: **STMP** | OTC: **STMGF** | FRA: **TMP0**

Stamper Oil & Gas Corp. (TSXV: **STMP**, US OTC: **STMGF**, GER: **TMP0**), is a pure play offshore Namibia focused oil and gas exploration company, with five blocks covering four Petroleum Exploration Licences (**PELs**), with exposure to three of Namibia's key offshore oil and gas basins (Orange, Walvis and Lüderitz).

Poised For Significant Growth

- Exposure to **exploration hotspot Orange basin** as well as emerging **Walvis and Lüderitz basins**
- **Carried interests** means less required capital with significant upside potential
- **Multiple growth catalysts** (industry activity, block activity)
- Strong insider ownership

Five Blocks | Four PELs | Three Basins

- **PEL 107**: Orange Basin, 32.9% WI (Block 2712A)
- **PEL 106**: Walvis Basin, 5% Carried (Blocks 2011B and 2111A)
- **PEL 102**: Lüderitz Basin, 20% Carried (Block 2614B)
- **PEL 98**: Walvis Basin, 5% Carried (Block 2213B)

Orange Basin Exposure – Very Active

Walvis Basin Exposure – Next Basin

Block Specific Catalysts

- **PEL 107 (Orange)**: Technical work leading to farm out process
- **PEL 106 (Walvis)**: 3D seismic campaign ahead of drilling
- **PEL 102 (Lüderitz)**: Technical work combined with farm out process
- **PEL 98 (Walvis)**: new operator, additional seismic, farm out, drilling

The Assets – The People – The Strategy

Key People

Mat Goldsmith (Chairman): Partner P5 Infra, founder & partner M2 Advisors, MD Energy, Mining and Infrastructure at BMO (HRT)

Grayson Andersen (CEO): 25 years experience globally, with 15 years in Namibia (UNX/ReconAfrica)

Industry Catalysts

- **PEL 90 (Orange Basin)**: Nabba-1X exploration well expected to be drilled in **Q4 2026** (Chevron/Custos/NAMCOR)
- **PEL 82 (Walvis Basin)**: **Exploration well** from Chevron expected once Nabba-1x completed on PEL 90 (Chevron/Custos/NAMCOR)
- **PEL 83 (Orange Basin)**: Mopane **exploration and appraisal campaign in Q4 2026** with possible FID in 2028 (TotalEnergies/Galp/Custos/ NAMCOR)
- **PEL 39 (Orange Basin)**: **Merlin-1X** exploration well **best Shell results to date** (Shell/QatarEnergy/NAMCOR)
- **PEL 56 (Orange Basin)**: Expected **Final Investment Decision (FID)** on Venus Development (TotalEnergies/Qatar Energy/Galp/Impact/NAMCOR)
- **PEL 73 (Kavango Basin)**: **Kavango-1X** exploration well, **horizontal well and testing** (ReconAfrica/BW Energy/NAMCOR)
- **PEL 85 (Orange Basin)**: **Capricornus** appraisal well **confirmed lateral extent of field, light oil, deeper opportunities**, more Capricornus and Volans appraisal wells (Rhino/Azule/NAMCOR)
- **New entrants to Namibia** recent new entrants include Equinor (Orange Basin), BP (Walvis Basin) and Petrobras (Lüderitz Basin) with other national, international oil companies and super majors expected to add to positions / acreage.
