WELCOME TO NEW YORK ALL STARS

Since 2013, New York All Stars has provided performing arts and fitness enrichment programs throughout Westchester County. Our musical theatre program develops skills in acting, singing, and dance while emphasizing teamwork, leadership, confidence, and social-emotional growth. As NYAS has expanded, we've developed a **seasonal structure** designed to offer students different opportunities for learning, growth, and performance.

We welcome students of all experience levels, from those exploring theatre for the first time to young performers pursuing professional opportunities on stage and screen.

FALL PRODUCTIONS
Our fall productions feature smaller casts organized by age group, with developmentally progressive material and more individualized instruction in acting, singing, and dance. This format allows students to strengthen their skills in musicianship, movement, and characterization while receiving focused attention from our teaching artists.

SPRING PRODUCTIONS
In the spring, students from Kindergarten through 9th grade come together for a larger, full-scale musical production in a larger theatre. With material and expectations tailored to each age group, performers of different ages and experience levels collaborate as one company, developing teamwork, leadership, and mentorship skills while experiencing the excitement and responsibility of bringing a large-scale production to the stage.

New York All Stars Program Policies

Attendance: Regular attendance is essential to the success of each cast. Musical theatre is a group activity, and absences affect the entire cast and the rehearsal plans.
Students are expected to attend scheduled rehearsals, arrive on time, and practice assigned material at home. All technical rehearsals and performances are **mandatory**. Please disclose any known scheduling conflicts before registering.

Be Prepared: Students should be prepared and on time for every scheduled rehearsal or event. This includes proper attire, hair away from the face, water and **script**!

At Home Practice: We provide extensive resources and guidance for what can be practiced at home, including a required app and deadlines for memorizing material. Kids will likely need support at home with learning lines and accessing practice materials.

Casting: Our productions are designed to emphasize the value of performing ***as a group.*** We understand that auditions bring excitement and anticipation, particularly around principal roles and solo opportunities. These opportunities are **competitive** and require strong preparation, performance skills, reliability, and leadership. But a successful musical is much more than its principal characters. Large musical numbers require strong ensembles capable of performing musical harmonies, choreography, and storytelling together. **Every performer contributes to the success of the production.**

Progress in musical theatre isn't always linear. Every production tells a different story and has different casting needs. A performer who plays a principal role in one production may be best suited to an ensemble role in another. Both experiences offer valuable opportunities for growth.

We encourage every student to approach their role with commitment, enthusiasm, and an understanding of their responsibility to the entire cast.
