

## HEALTH DNA TESTING

### **GX PERFORM** (ATHLETIC PERFORMANCE)

Health and activity performance improvement based on your genetic profile.

- Saliva testing (must be 18+)

This “perform” test is scientifically-based athletic performance solutions, providing health and performance management strategies that are specific to you, because of your DNA. This test examines 15 unique traits for your genetic predisposition in areas like strength, endurance, macronutrient utilization, injury risk, and more!

This test will tell you:

- 15 unique traits on how to perform to your max capability
- Genotype specific content
- How your body utilizes protein, and more!
- Types of exercise and training affects YOUR body

You'll also gain:

- Comprehensive report tailed to you, and your DNA
- Recommendations & solutions matched to your genotype
- Action plan to help enhance your performance

Turnaround time is 15-20 business days & results will be e-mailed! (can be mailed for additional \$4.00)

Your cost is **\$350.00**
