

## HEALTH DNA TESTING

### **GX RENEW** (HEALTHY AGING PROGRAM)

Provides nutrient, food, activity & lifestyle recommendations to keep you looking and feeling younger.

- \* Saliva testing (must be 18+)

DNA has proven to be much more effective than one-size-fits-all programs, because they take the guesswork out of health management.

This is a DNA-based healthy aging solution engineered for your unique chemistry.

This test will tell you:

- \* Health management strategies that are tailored to your specific genotype
- \* The best healthy aging recommendations for you, based on your DNA
- \* Learn about organ health, skin health, predisposition to lack of nutrients
- \* Learn how your specific genes dictate how your body ages
- \* Learn how your facial skin ages
- \* How your impulse control and taste preferences change with aging
- \* Likely-hood to experience age-related hearing loss

You'll also gain:

- Comprehensive report tailored to you, and your DNA
- Recommendations matched to your genotype

Turnaround time is 15-20 business days & results will be e-mailed! (can be mailed for additional \$4.00)

Your cost is **\$350.00**
