

HEALTH DNA TESTING GX SLIM (WEIGHT MANAGEMENT)

Health and wellness testing, that provides diet & exercise strategies that are all completely tailored to your genotype.

- Saliva testing (must be 18+)

This “slim” testing is a scientifically-based weight management program to identify your unique genetic makeup that will provide the best diet & exercise strategies. This is the only diet and exercise recommendations ever needed, as they are based on YOUR DNA!.

This test will tell you:

- Understanding how your body uses food
- The foods you should or should not be eating
- Deficiencies or excesses
- Best exercise to optimize your weight loss & health

You'll also gain:

- Customized meal plan
- Customized Exercise plan
- Fully unique personal report

Turnaround time is 15-20 business days & results will be e-mailed! (can be mailed for additional fee of \$4.00)

Your cost is **\$350.00**
