EXPERIENCE

AIDEN MEDICAL CENTER | ADDISON, IL

Dedicated Accounting Staff

September 2025 – March 2026

- Catalogued property plant and equipment consisting of 120+ medical devices and 40+ fixtures for a defunct medical facility acquired by a private investor, recording and valuing equipment and property using AI to support accurate financial reporting and future planning
- Established standards for targeted internal audits and control reviews, aiding in future endeavors to identify process gaps and ensuring compliance with accounting standards during the rebuild phase

SAFER FOUNDATION | CHICAGO, IL

Accounting Intern

April 2024 – September 2024

- Collaborated with accounting team and communicated findings effectively during budget preparation, aiding in timely financial reporting.
- Performed backdated bank reconciliations across 6+ accounts spanning 8+ year backlog of records in preparation for audit
- Detected 20+ fraudulent withdrawals and check duplications using forensic methods, allowing the fraudulent actors to be flagged and demonstrating strong attention to detail

CHILLTON SERVICES | CHICAGO, IL

Founder and Sole Operator, Trial Tech Consulting

September 2022 – April 2024

- Maintained financial records for small service business using Excel and Xero to ensure compliance and accuracy
- Established and maintained website and internal controls and managed billing, budgeting and accounts payable to facilitate a smooth-running business and ensure efficiency
- Communicated service offerings and project status updates to clients, ensuring expectations were met and maintained client satisfaction

LEADERSHIP AND INVOLVEMENT ACTIVITIES

LEDGER AND QUILL DEPAUL CASE COMPETITION 2025

- Used Generative AI and prompt engineering to assist in a group analysis of internal controls and inventory processes and presented our findings to a panel of expert CPA judges

KPMG DEPAUL CASE COMPETITION 2025

- Led my team of 4 in analyzing weaknesses in corporate financials and strategy to prepare presentation explaining our findings and recommending a more optimal course of action
