# Quick Notes

- 1) Please put these dates ASAP in your calendar. Please observe allowed testing dates, contest weekends, and summer band.
- 2) Most rehearsals occur on the "Grid." The "Front Lot" is a brand new practice area for the band. This will allow percussionists to travel less for certain practices.
- 3) We are practicing three days a week this year. Please note that two of the three rehearsals per week are only 2.25 hours. To assist with the added time, morning region masterclasses will be optional instead of mandatory.
