

Surface Thermocouple
Fast Response 2 sec
Heavy Duty Industrial
MODEL : 80PK 27

- Straight surface probe
- Spring loaded surface sensor
- Probe with miniature connector
- Fast response time
- Good insulation effect
- Compatible with Type K thermometers

| | |
|-------------------------|--|
| Thermocouple Type | Standard type K thermocouple |
| Probe Tip | 16 ϕ x 14 (H) mm (cylindrical head surface) |
| Tube Diameter | 6.3 mm |
| Max. Temperature | 600 °C |
| Response Time | 2 seconds |
| Element | single flat ribbon |
| Tube Length | 144 mm |
| Cable Length & Material | 2 M PU coiled cable in blue (Standard) Straight cable length can be ordered as per customer's request |
| Weight | 115 g |
