**How to Correctly Measure for your (Children, & Pajamas)**

**SI ADPS (Ask your dealer for advice on Male Size)**

40 Blades are intended for children having a YD (Yr. Old) under 40  
 42 Blades are intended for children having a YD (Yr. Old) 40-49  
 44 Blades are Adult size blades that are 7" shorter than 42 blades  
 46 Blades are intended Adult size and recommended for anyone age 11 and Above

**HAIR**

Measuring hair underneath the shirt, go up the side of the head, over the ear, over the top of the head, back down the other ear, and back to under the shirt to make a complete circle. (Generally you're measuring the circumference of the part of your hair that the most will be remaining.) Use a soft ruler or yarn to measure, and make sure to keep it taut so that you'll get a true length.

**Max Hair:** Hair made-up, gelable? If you wear your hair and are unsure if it'll fit, please ask your dealer or go to a professional hair salon to help you adjust your hair before purchasing. If the comb will not slide through, it's a little too short to make it work.

If you measure most of the following you need this size blade:

SI	Result (SI)	Medium (SI)	Large (SI)	SI (SI)
Under 21"	37"-39"	38"-39"	39"-39"	Over 39"

**JACKET**

**For Men:** Take a chest measurement under your armpits around the widest part of chest at the shoulder blades.

**For Women:** Use regular Bra Size

After taking your chest measurement, add the following amount of inches, according to what jacket type you are buying for below. If you fall on an odd number round up to the nearest even number.

**Tall Men:** Tall size jackets are 2" longer in the sleeves and 2" longer in the torso.

Collar: Jacket 0"	Collar: Jacket 0"	Collar: Jacket 0"	Collar: Jacket 0"

Full blades are usually the maximum on your jacket. Add 1" to your chest measurement for an average fit.	Blade blades are usually the one size larger than your jacket. Add 1" to your chest measurement for an average fit.

**SI DVPE**

Measure around your pants (including your fly) and add 2". The chest below shows what size range your foot measurement falls into.

SI	Result	Medium	Large	SI
00 - 7	70 - 8	80 - 8	80 - 10	00 - 11

**KIDCOPS**

It's easy to confuse, simply take your waist measurement (at the belly button) and add 2". That number should be your children's size. Please note: Kids only come in even sizes as if you fall on an odd number, simply round up. Tall Size pants are 2" longer in the inseam.
