MAYOR
CITY OF PONTIAC

MAYOR'S PROPOSED BUDGET FOR FISCAL YEARS 2021-2025

Dear Honorable Council Members and Citizens of Pontiac:

As Mayor of the City of Pontiac and in accordance with the Michigan Uniform Budget Act, (PA 2 of 1968 as amended) and Article V, Chapter 1 of the City of Pontiac Charter, I am submitting for your consideration the proposed budgets for fiscal years 2021, 2022, 2023, 2024, and 2025. The fiscal year for the five budgets begins on July 1st and ends on June 30th. As mandated by the State of Michigan, all funds are structurally balanced and are based on estimated revenues, expenditures, and available fund balances.

The total FY 2021 Proposed Annual Budget for the City of Pontiac is \$99,637,873. When compared to FY 2020 (\$83,494,180.00) this reflects an increase of 19.3%, or a difference of \$16,143,696. Per the budget, this assumes that the city will need to provide a means of financing for the necessary repairs for the city to be in compliance with the Phoenix Center Settlement agreement. Failure to begin the necessary repairs as soon as possible will put the city and its residents in danger of possible penalties and tax levies due to a breach in the agreement – a danger that neither the city nor the residents can afford, which is illustrated in the paragraphs below.

That being said, the estimation of available fund balance is based upon the successful fulfillment of the settlement agreements of the Phoenix Center and CPREA retiree health litigations. There is a November 1, 2020 deadline for the Phoenix Center settlement agreement which was approved by City Council in November 2018. Settlement terms for the CPREA retiree health litigation will restore city obligated health insurance coverages to our eligible retirees once the plan is approved by the IRS. Failure of the city to successfully complete either of these terms of agreement would adversely affect the financial stability and the good bond rating status that the city has now achieved.

Current financial projections indicate that the total General Fund balance will remain at an appropriate level of \$20,924,754 by the end of FY 2020, of which \$15,594,724 is unassigned fund balance available for use in the FY 2021 budget. For the FY 2021 general fund budget, we have considered the impact of the COVID 19 virus on both the city's state shared revenue and income tax revenue. For state shared revenue, we have used the State's most recent estimate of state shared revenue for FY 2021 available which is dated as of February 6, 2020. Due to this estimate being dated before social distancing measures were enforced, the city's proposed FY 2021 budget reflects a 5% decrease from the State's estimate. As of the date of this letter, the State has not released any substantially reliable estimates that consider the impact for COVID 19 for FY 2021 state shared revenue. Those estimates are expected sometime in May 2020. In terms of income tax revenue and the impact of the COVID 19 virus, initial revenue trends and increased economic development in the city resulted in an estimated FY 2021 income tax revenue of \$16,770,000 before the State initiated social distancing measures. For conservatism, the proposed FY 2021 budget reflects a 15% decrease from that amount for an estimated gross income tax revenue of \$14,254,500.

This is a decrease of \$107,675 from current FY 2020 projected income tax revenue when netted against estimated refunds. Due to the unknown nature of the true impact of the COVID 19 virus on two major sources of revenue for the city, we intend to monitor trends and information as it becomes available and provide Council with any necessary budget amendments to revenue during FY 2021. The proposed general fund budget for FY 2021 reflects total revenues of \$36,559,302 and total expenditures of \$41,853,579 for a total use of fund balance of \$5,294,277. A breakdown of these figures can be seen below:

General Fund Revenues FY 2021

General Fund Expenditures FY 2021

The use of the \$5,294,277 of fund balance is detailed as follows:

Fund Balance Category	19-20 Projected Fund Balance	Use of fund balance	20-21 Mayor's Recommended Fund Balance
Non Spendable	30,030	-	30,030
Committed - Purchase of PYREC	3,200,000	(3,150,000)	50,000
Assigned - Phoenix Center Settlement payment	2,100,000	(700,000)	1,400,000
Unassigned	15,594,724	(1,444,277) *	14,150,447
Total	20,924,754	(5,294,277)	15,630,477
Income Tax Loss due to COVID 19 (estimated)	(107,675)		
State Shared Revenue Loss due to COVID-19 (estimated)	(39,945)		
Increase of Oakland County Sheriff contract & addition of DPU Unit	(537,225)		
Increase of Waterford Township Fire Department contract	(384,657)		
Increase of Police and Fire Pension contribution based on actuarial study	(413,550)		
All other revenues net of expenditures	38,775		
	(1,444,277) *		

The use of unassigned fund balance is mainly related to non-discretionary costs due to previously executed contracts and pension requirements. Below is a chart showing the discretionary vs non-discretionary costs in the general fund:

Due to the lack of discretionary costs available for budget reduction and expected decreases in revenue due to the impact of the COVID 19 virus, a use of unassigned fund balance is necessary in order to provide the same level of service to the residents of the city in FY 2021.

Further, this impact to fund balance limits the city in the ability to provide general fund dollars to fund other ambitions, such as \$140M in estimated total road project repairs and \$7.5M needed to fund a fully operational DPW snow plowing fleet and salt barn. Additionally, the Deputy Mayor and Finance Department are conducting a feasibility study to determine the cost effectiveness of in-sourcing the administration and implementation of federal grant programs. Previously the city had a staff of 5 people to administer federal grants.

Fortunately, the city's past efforts to improve its finances and gradually increase the unassigned fund balance of the general fund year over year has shielded the city from the necessity to drastically scale down operations during the unforeseen circumstance of the COVID 19 virus. In fact, this exact type of unforeseen circumstance is why municipalities are recommended to keep fund balances at a healthy level. A \$14,150,268 budgeted unassigned fund balance for FY 2021 leaves ample availability for additional use of fund balance if budgeted revenue must be decreased further than currently estimated once the full impact of the COVID 19 virus is known, while also staying in compliance with the city's fund balance policies.

In closing, I would like to express my appreciation to the city's outstanding workforce who strives to provide the dependable city services, especially during these uncertain times. I would also like to commend the Executive staff and Finance department for their contributions in the preparation of this year's annual budget.

Thank you also to the City Council President and Council members for your input in the development of this budget. Through a cooperative effort, we can continue to plan and build the city's path toward economic recovery and viability.

Respectfully submitted,

Mayor Deirdre Waterman

Community Profile

The City of Pontiac, Michigan (the "City") incorporated in 1861, is a 20-square mile city, the county seat of Oakland County, Michigan. The 2010 census reported a population of 59,515. Pontiac is organized as a home rule city under the laws of the State of Michigan and is operating under a city charter amended and effective May 3, 1982. The city charter establishes a strong-Mayor form of government with a part-time seven-member City Council elected in districts. The Mayor appoints all department heads with confirmation by the City Council to be made within 30 days, except the City Clerk whom is appointed by the City Council. The City Council as a body or any Council member is expressly prohibited from providing any order or direction, either publicly or privately, to any employee or appointee of the executive branch. The Mayor must attend all City Council meetings. The Mayor has the authority to veto resolutions or ordinances adopted by the City Council, with limited exceptions.

Since July 1, 2009, the City of Pontiac's finances were under the superintending control of the State of Michigan because of a financial emergency; technically, the City was considered in "receivership" under Public Act 436 of 2012. The State of Michigan appointed three successive emergency financial managers/emergency managers to address the causes of the financial emergency and develop a fiscal and operating plan that aligns the City's expenditures with realistic projected revenues. The City's revenue base decreased nearly fifty percent over a span of six years, making the fiscal problems more challenging to address. Since the appointment of the first emergency financial manager, the City's operating structure has radically changed and has resulted in improved service delivery at a lower cost to the tax payers. The City has gone from a traditional operating model of services provided directly by city employees who receive benefits in addition to salary to an operating model of services provided either by neighboring government agencies or by private contractors that specialize in providing such service at a lower cost. These service providers are monitored by a small group of city employees.

On August 19, 2013, the last emergency manager of the City of Pontiac tendered his resignation to the governor. Before his departure, the emergency manager issued a final order (S-334) which delegated day-to-day administrative responsibilities to a City Administrator who reports directly to the Transition Advisory Board that the governor appointed. On March 31, 2016, the position of City Administrator was eliminated, and the day-to-day administrative responsibilities were returned to the Mayor. A limited number of actions taken by the Mayor and City Council were still subject to review and approval by the City Transition Advisory Board. The final order was last amended March 31, 2016. On July 27, 2017, the City Transition Advisory Board voted unanimously to recommend to the Governor of the State of Michigan that the City's current receivership status be terminated. The City was officially released from receivership on August 1, 2017. Copies of all orders issued by the last emergency manager are available on the City's website.

Budget Process

The budget process in the city charter in Section 5.102 is outlined as follows:

- ❖ The Department Heads are to provide to the Mayor their budget estimates and requests.
- ❖ By May 1, the Mayor is required to present to the City Council a proposed budget and a proposed annual appropriations ordinance. The budget is to be balanced. A balanced budget exists when budgeted revenues (including available unreserved Fund Balance) are equal or more than the budgeted expenditures.
- ❖ According to the Budget Hearings of Local Governments Act (MCL 141.411 *et seq.*), the City Council shall advertise in a newspaper of general circulation that the council will hold a public hearing on the proposed budget and tax rate to support the budget. Notice of the hearing must be published at least six days before the hearing.
- ❖ The city charter requires that an ordinance, except an emergency ordinance, is published in a newspaper of general circulation before the effective date. An emergency ordinance must still be published. The Mayor has the ability to issue a full veto or a line-item veto of the proposed budget ordinance. For a normal ordinance, the Clerk shall present the Mayor the proposed budget ordinance within four business days after the ordinance is adopted. Upon receipt, the Mayor has seven calendar days to issue his/her veto or sign the ordinance, except the Mayor shall notify the Clerk within 24 hours of the receipt of an emergency ordinance of his intention to veto. The Council has seven days from receipt of the veto to consider an override.

The Budget Ordinances further directs the City's budget process as follows:

- ❖ On or before March 15 in each year, the Finance Director shall distribute the budget request packet to each Department Head, whom shall return the completed budget request packet to the finance director on or before April 1 in each year. Budget estimates are to be completed for the two ensuing fiscal years.
- ❖ On or before April 1 in each year, the Finance Director shall transmit the departmental requests to the Mayor, who may revise or alter the estimates, and then shall return a copy of a balanced budget as revised to the Finance Director for tabulation on or before May 1 each year along with a list clearly indicating the changes the Mayor made in order to arrive at a balanced budget.
- ❖ The Finance Director shall recalculate the balanced budget proposed by the Mayor and shall inform the Mayor of any inconsistencies.
- ❖ On or before May 1 in each year, the Mayor shall submit to the City Council the proposed budget and appropriations ordinance for the ensuing two fiscal years and the proposed tax rate for the ensuing fiscal year. The proposed budgets shall be balanced. The Mayor shall provide a budget message with the proposed budgets that identifies revenues, expenditures, and significant revenues and significant expenditures.
- ❖ On or before June 1, the City Council shall authorize and publish a notice of public hearing on the proposed budget and tax rate and shall introduce the proposed appropriation ordinance at a City Council meeting.
- ❖ The City Council shall not amend the proposed appropriation ordinance or tax rate until after the public hearing. The City Council shall be permitted to make unlimited amendments to the budget subsequent to the public hearing on the budget and before its adoption.

Budget Process (Continued)

- ❖ By June 9 and no less than six days after the notice of public hearing on the proposed budget for the ensuing fiscal year and tax rate is published and the proposed appropriation ordinance had been introduced at a City Council meeting, the City Council shall hold a public hearing on the proposed budget and proposed tax rate and shall adopt an appropriations ordinance and tax rate. The budget shall be adopted on a functional basis for expenditures, rather than on a departmental or line item basis. A second resolution of intent will also be adopted for the budget for the second ensuing fiscal year; this resolution has no legal authority.
- ❖ At the meeting wherein the City Council adopts the appropriations ordinance, the Council shall adopt a resolution setting user fees for the ensuing fiscal year. Such fees shall be amended or waived by the City Council from time to time during the fiscal year only upon recommendation from the Finance Director and Mayor.

Budget Amendment Policy

The Budget Ordinance ordains during the fiscal year, whenever it appears to the Finance Director that the actual and probable revenues in any fund will be less than the estimated revenues upon which appropriations from such fund were based, and when it appears that expenditures will exceed an appropriation upon which appropriations from such fund were based, the Finance Director shall present to the Mayor recommendations to prevent expenditures from exceeding available revenues or appropriations for the fiscal year. Such recommendations shall include proposals for reducing appropriations, increasing revenues or both. The Finance Director is hereby authorized to amend an appropriation line item within a fund or department that does not exceed ten thousand dollars (\$10,000) within a fiscal year. Any budget amendments to a line item or department that exceeds ten thousand dollars (\$10,000) within a fiscal year must be approved by the City council prior to amendment. For all transfers in and transfers out between appropriation line items or departments exceeding ten thousand dollars (\$10,000) must be approved by City Council prior to such transfer.

Glossary of Budget and Finance Terms (Continued)

Contractual Services: Items of expenditure from services that the City receives from an outside company. HVAC, maintenance, custodial services, Building, Mechanical, and Plumbing Inspectors are examples of contractual services.

CPI: Abbreviation for Consumer Price Index.

Current Taxes: Taxes that are levied and due within one year.

Debt Service: The City's obligation to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

Department: A major activity of the City, which indicates overall management responsibility for an operation of a group of related operations within a functional area.

Depreciation: That portion of the cost of a capital asset, used during the year to provide service.

DPW: Abbreviation for Department of Public Works.

Enterprise Fund: A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to ensure that revenues are adequate to meet all necessary expenses. Enterprise funds are established for services such as water and sewer utilities.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Expenditure: The cost of goods delivered and services rendered, whether paid or unpaid.

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts for the purpose of carrying on specific activities or attaining certain objectives.

Fund Balance: Fund balance is the difference between assets and liabilities in a governmental fund. Fund balance is further defined into the below separate categories:

- ❖ **Nonspendable fund balance**—amounts that are not in a spendable form (such as inventory and prepaids; or noncurrent receivables) or are legally or contractually required to be maintained intact (such as the corpus of a permanent fund)
- ❖ **Restricted fund balance**—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation. You'll note that this definition is the same as restricted net assets. There could still be differences between restricted fund balance and restricted net assets (because of modified accrual v. full accrual), but the concepts are the same.
- ❖ **Committed fund balance**—amounts constrained to specific purposes by formal action of the governing body (or the highest level of decision-making authority). To be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint. The constraint should not be indirect or implied - it should be explicit and specific written action (implied constraints would fall to the next category, assigned). In contrast with restricted amounts, commitments are not legally enforceable and can be lifted by the government itself.

Glossary of Budget and Finance Terms (Continued)

- ❖ **Assigned fund balance**—an amount a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. You'll notice that assigned fund balance is very similar to committed fund balance; however, assigned fund balance expresses an intent that is somewhat less restrictive than committed fund balance because: It generally shows intent to use resources in a particular way rather than a requirement to do so; the governing body's action to create the assignment can be more indirect or implied - it does not require a clear, written action. (for instance, it could be the creation of a budget where that action implies that the governing body intends to use those resources in a certain way) The governing body may formally delegate this authority to an individual or group
- ❖ **Unassigned fund balance**—amounts that are available for any purpose (basically anything that doesn't fall into one of the other four categories above). Unassigned fund balance will only be reported in the general fund (although there is an exception with negative unassigned fund balance that can be reported in other funds).

GAAP: Abbreviation for Generally Accepted Accounting Principles.

GASB: Abbreviation for Governmental Accounting Standards Board. The GASB provides direction in accounting and reporting requirements for units of government.

General Fund: The largest fund within the City, the General Fund accounts for most of the financial resources of the government that may be used for any lawful purpose. General Fund revenues include property taxes, licenses and permits, service charges, and other types of revenue. This fund usually includes most of the basic operating services, such as police protection, finance, public services and general administration.

General Obligation Bonds: When the City pledges its full faith and credit to the repayment of the bonds it issues, those bonds are General Obligation (G.O) bonds.

GFOA: Abbreviation for Government Finance Officers Association.

Governmental Fund: A fund used to account for most of a government's activities, including those that are tax supported. The City maintains the following types of governmental funds: a general fund, special revenue funds, and capital improvement fund.

Headlee Amendment: The Headlee Amendment places an upper limit on the total amount of operating property taxes a city can collect in the fiscal year. This constitutional amendment limits the growth in taxable value attributed to market adjustment (excluding new construction) to the growth in the consumer price index (CPI). If this situation occurs, the operating millages, which are applied to the taxable value, must be reduced to compensate for any increase in excess of the CPI.

Headlee Override: A Headlee override is a vote by the electors to return the millage to the amount originally authorized via charter, state statute, or a vote of the people, and is necessary to counteract the effects of the Headlee Rollback.

Glossary of Budget and Finance Terms (Continued)

Immediate Funds: Liquid Funds available during the timeframe in which fund balance or working capital is needed to pay demands or claims before the major or significant revenue sources will be received for each respective Fund, as determined by management.

Legacy Costs: Costs incurred by the City in prior years under different leadership. These costs consist primarily of obligations to pay health care costs for retirees.

Liabilities: Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed or refunded at some future date. The term does not include encumbrances.

Liquid Funds: Funds that can be converted to cash within 30 days.

Mill: A mathematical taxation unit equal to one dollar of tax obligation for every \$1,000 of taxable valuation property.

Millage: A rate (as of taxation) expressed in mills per dollar.

Modified Accrual Basis of Accounting: Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt and certain similar obligations, which should be recognized when due.

Net Assets: Total assets minus total liabilities.

Net Debt: All City Debt net of special assessment, transportation fund and revenue bond debt.

Net Position: The difference between (1) assets and deferred outflow of resources, and (2) liabilities and deferred inflows of resources.

Property Tax Chargeback: The amount of uncollected property taxes invoiced by the County Treasurer to the City for uncollected real property taxes at least two years delinquent.

Property Tax Rate: The percentage of the value of a property to be paid as a tax. It is also known as a millage rate or mill (which is also one-thousandth of a currency unit). To calculate the property tax, the City will multiply the taxable value of the property by the mill rate and then divide by 1,000. For example, a property with a taxable value of \$50,000 located in a City with a mill rate of 20 mills would have a property tax bill of \$1,000 per year.

Proprietary Fund: A business-like fund of a state or local government such as enterprise or internal service funds. Enterprise funds provide goods or services to the general public for a fee. The City's only enterprise fund is the parking fund.

Revenue: An addition to the assets of a fund, which does not increase a liability, does not represent the recovery of an expenditure, does not represent the cancellation of a liability without a corresponding increase in any other liability or a decrease in assets, and does not represent a contribution of fund capital in an enterprise.

Revenue Shortfall: Projected revenues are less than expected.

Special Assessment Fund: Special Assessment Funds are used to account for the construction and financing of public improvements benefiting a limited number of properties. Assessments are repaid over a number of years with interest.

Special Revenue Funds: A type of governmental fund that is used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for a specified purpose.

State Equalized Value (SEV): The assessed valuation of property in the City as determined by the City Assessor and then reviewed and adjusted, if necessary by the City's Board of Review and the State Tax Commission to assure that it equals 50% of the market value as required by State Law.

Structural Deficit: An underlying imbalance in government revenues and expenditures. When this situation exist, operating revenues do not support the cost of operations without one-time revenue sources and results in the current revenue structure (e.g., taxes, fees, and other sources), not being sufficient to maintain services at the current level.

Glossary of Budget and Finance Terms (Continued)

Structurally Balanced Budget: A budget that is sustainable for multiple years into the future.

Surplus Funds: Liquid or Non-Liquid Funds not immediately needed to pay demands against vendors and other claimants as determined by management.

Tax Base: The total value of taxable property in the City.

Taxable Value: This is a value used as a base for levying property taxes. It was established by a state constitutional amendment. Taxable value limits increases in value attributed to market adjustment. The increase is limited to the lesser of the actual increase, the rate of inflation as established by the consumer price index, or 5%. When property changes ownership, the value returns to 50% of true cash value.

Tax Increment Finance Authority (TIFA): TIFA is an abbreviation for tax increment finance authority. A tax increment finance authority is created by a municipality with the intention of capturing property tax revenues on specific parcels for the sole purpose of supporting a specific development plan. These funds are supervised by the Tax Increment Finance Authority, which is considered a component unit of the City in the City's financial statements. Applicable legislation: Public Act 450 of 1980

Brownfield Redevelopment Authority: A Brownfield Redevelopment Authority is created by a municipality with the intent to capture property tax revenues on specific parcels for the sole purpose of reimbursing developers for costs incurred for redeveloping brownfields in the City. These funds are supervised by the Brownfield Redevelopment Authority, which is considered a component unit of the City in the City's financial statements. Applicable legislation: Public Act 381 of 1996.

Budget Amendment: Adjustments made to the budget or approved expenditure authority during the fiscal year by the City Council to properly account for unanticipated changes, which occur either in revenues or expenditures or for programs or policy objectives initially approved for the fiscal year. The State Budgeting Law requires amendments within each activity level budget, where needed to maintain expenditures.

Budget (Operating): A plan of financial operations embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceiling under which the City and its departments operate.

Budget Calendar: The schedule of key dates or milestones that the City follows in the preparation and adoption of the budget.

Budget Ordinance: An ordinance adopting and approving a budget for the fiscal year beginning July 1st.

Budgetary Control: The level at which expenditures cannot legally exceed the appropriated amounts.

Budgeted Funds: Funds that are planned for certain uses. The budget document that is submitted for Council approval is composed of budgeted funds.

Budget Message (Mayor's): Initially, a general discussion of the proposed budget document presented in writing as a supplement to the budget document. The budget message explains principle budget issues against the background of financial experience in recent years and presents recommendations made by the Mayor.

Capital Expenditures: The expenditures for the acquisition of capital assets; whether major assets with long-term useful life spans or shorter-term operational capital needs such as office equipment, small tools & machinery. The expenditures are financed by either capital debt or cash-pay-as-you-go.

Cash Management: The management of cash necessary to pay for government services while investing temporarily idle cash in order to earn interest. Cash management refers to the activities of forecasting the inflows and outflows of cash, mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships, and investing funds safely in order to achieve the highest interest on temporary cash balances.

Census: The official process of counting the number of people in a country, city, or town and collecting demographic information.

CIP: Abbreviation for Capital Improvement Program.

Contingency: An estimated amount of funds needed for deficiency or emergency purposes. An annual appropriation to cover short falls in revenue and/or underestimation of expenditures. Under Michigan law, to be used contingencies must be moved to a more distinctive appropriation by a budget amendment.
