SNOW OPTIONS & RECOMMENDATIONS

February 11, 2020

Background

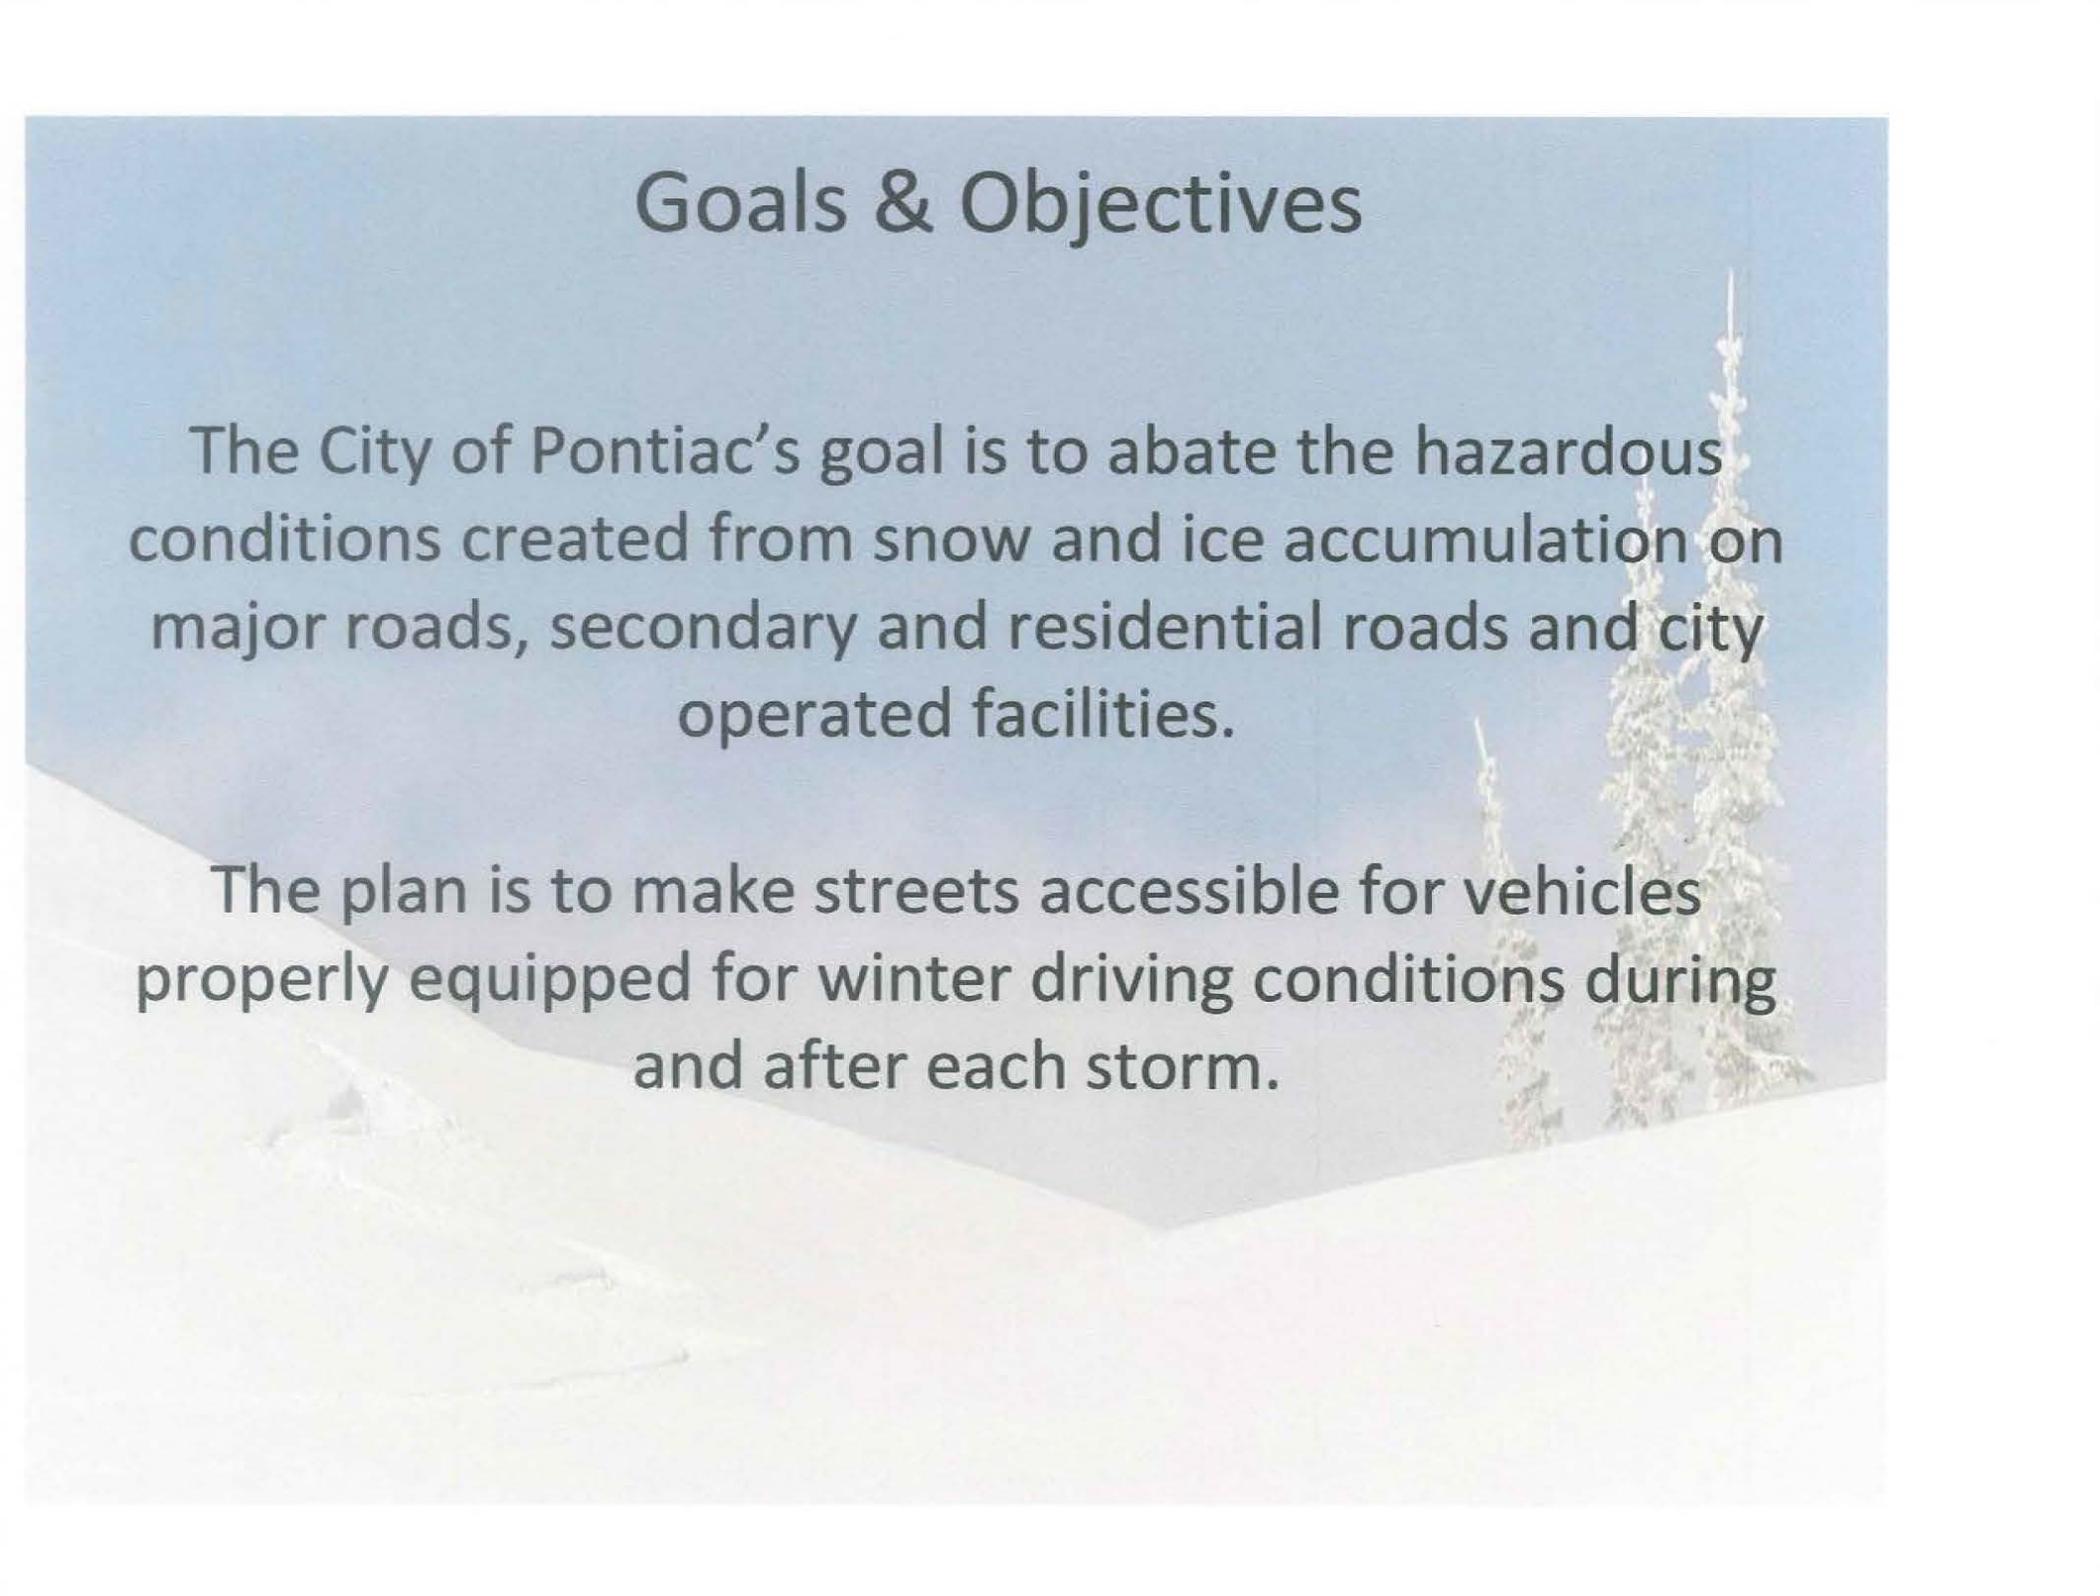

- Winter snow storms are unpredictable due to various:
 - Accumulations
 - Moisture Content of Snow
 - Ambient & Wind Chill Temperatures
 - Timing
 - Duration
 - Wind Direction
 - Velocity
- No two storms are identical
- Creates the need to develop a unique plan for every snow storm

Goals & Objectives

The City of Pontiac's goal is to abate the hazardous conditions created from snow and ice accumulation on major roads, secondary and residential roads and city operated facilities.

The plan is to make streets accessible for vehicles properly equipped for winter driving conditions during and after each storm.

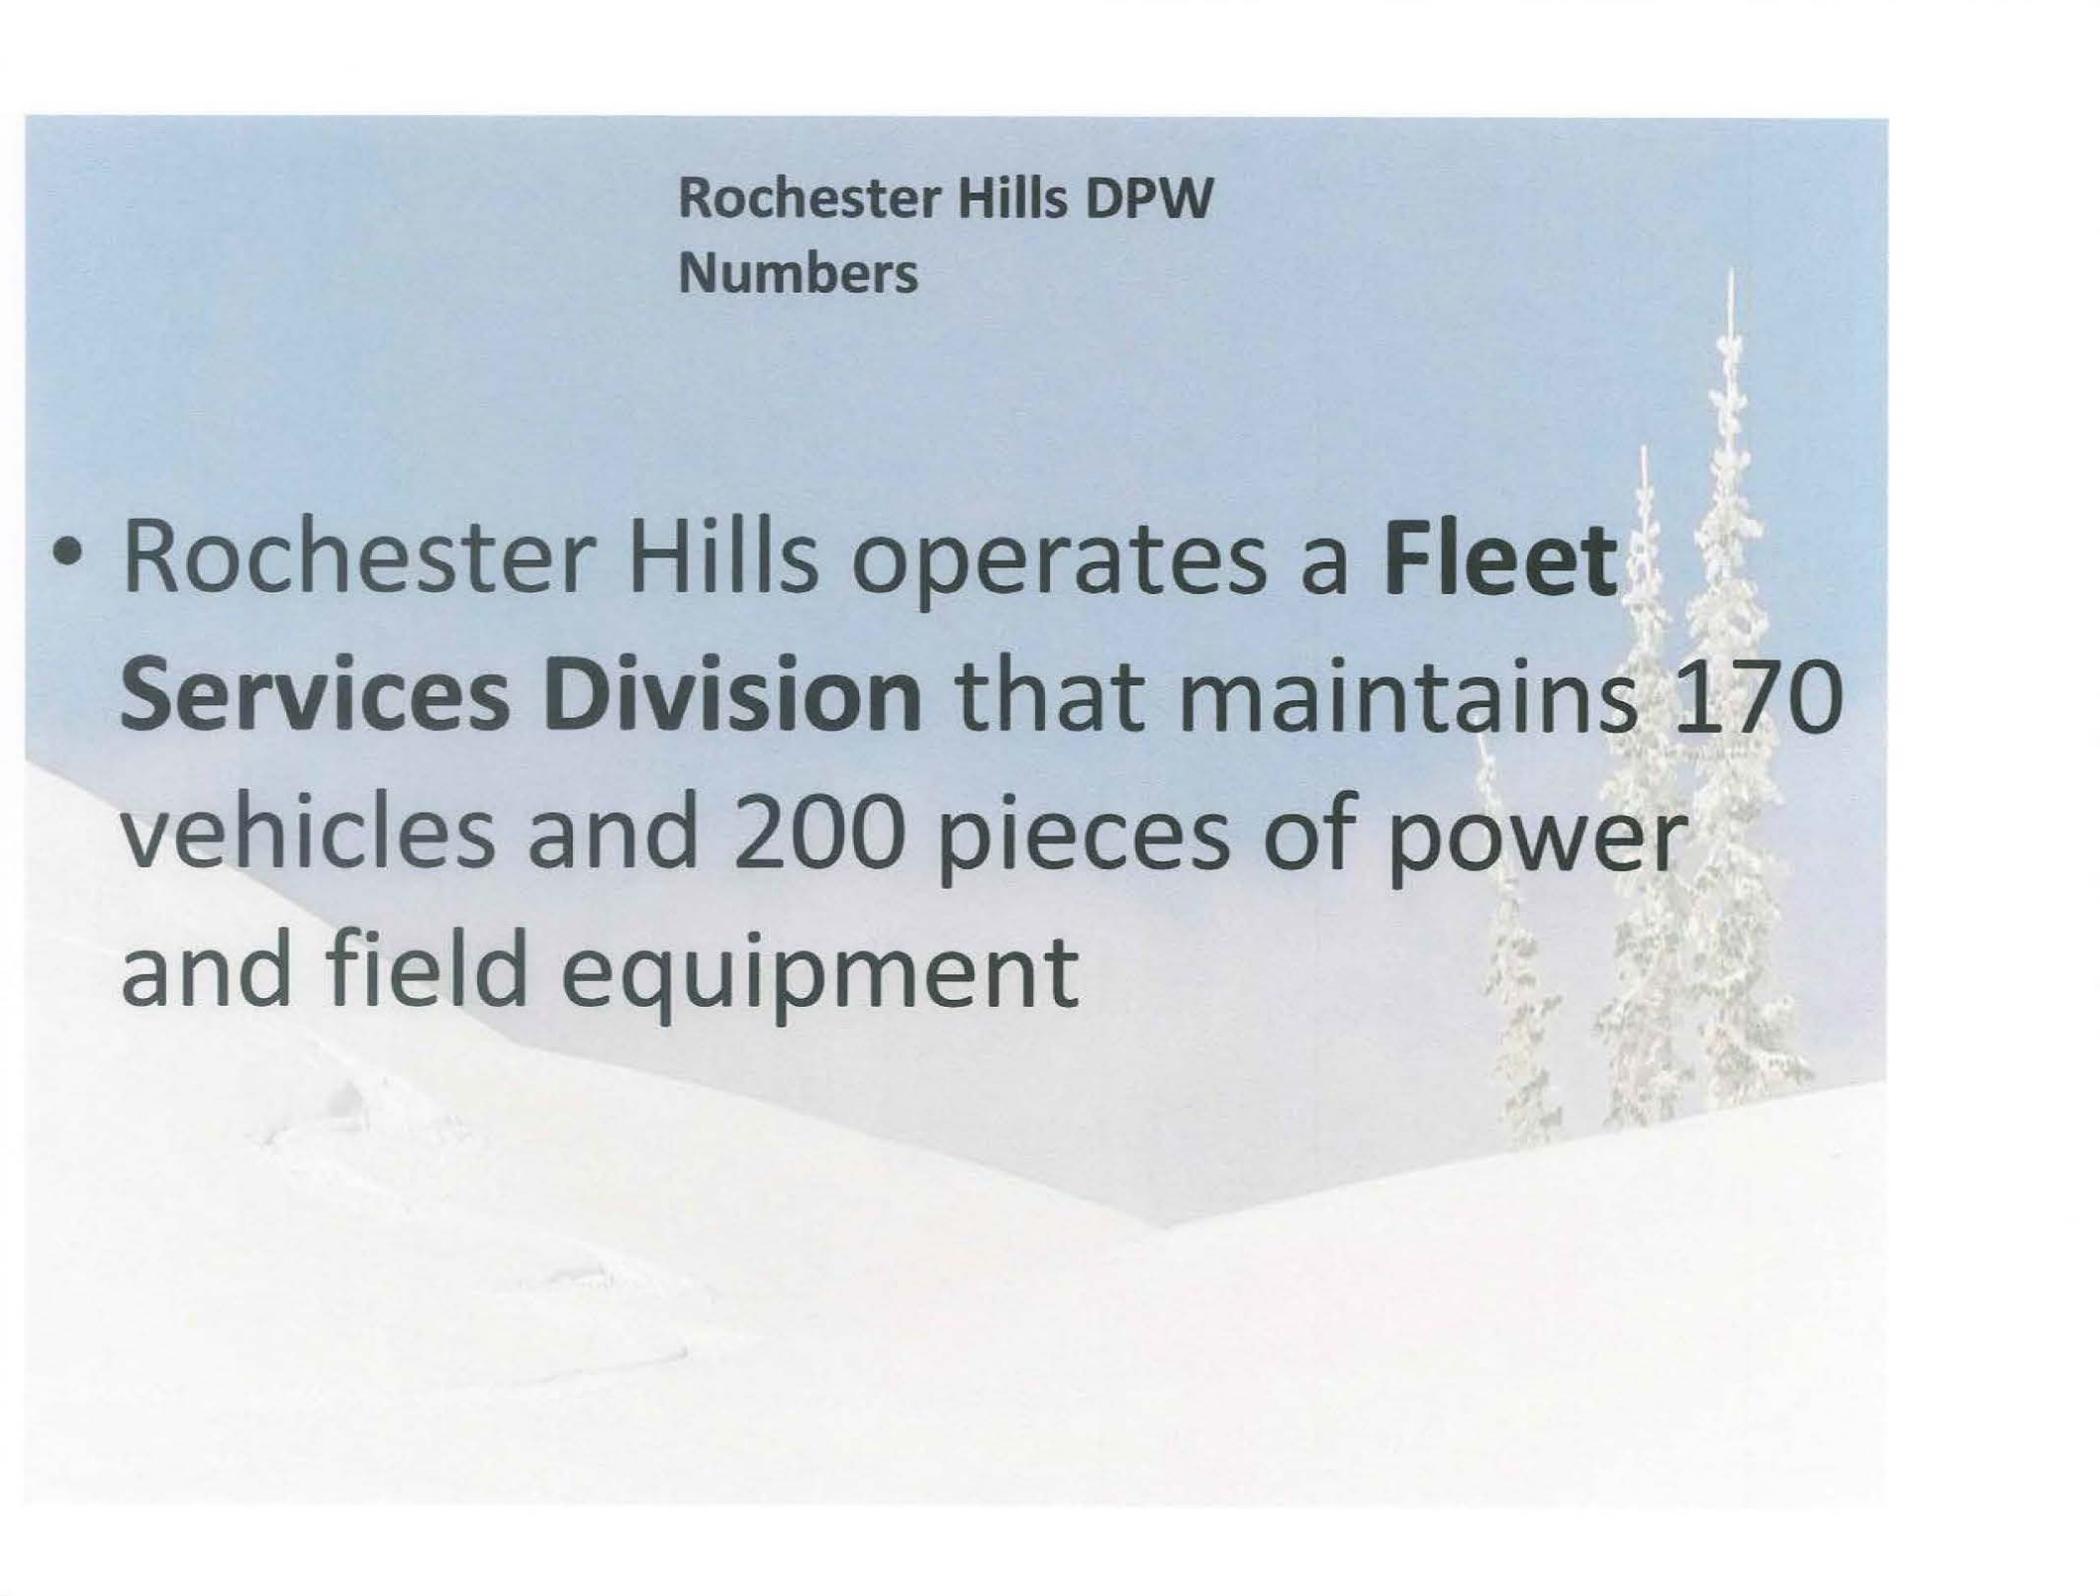

Objectives

- Primary Routes: Attempt to clear all primary routes, to bare pavement within twelve (12) hours from the end of the snow storm, designated as the first priority
- Secondary Routes: Attempt to make passable during and after snow storms with less than six (6) inches of accumulation
- Residential Routes: Accumulations that exceed six (6) inches from a single snow storm and weather forecasts suggest continual freezing temperatures, streets will be plowed with an attempt to have all roads cleared 48 hours from the time the snow stops

Auburn Hills DPW Numbers

- The City of Auburn Hills Department of Public Works (DPW) manages the City's one hundred eighty (180) lane miles of Major, Local and Residential streets
- Auburn Hills has a fleet of 9 salt trucks
- One grader
- Two front-end loaders and fifteen (15) pickup & small dump trucks
- Staff of forty-five (45)

Rochester Hills DPW
Numbers

- Rochester Hills operates a **Fleet Services Division** that maintains 170 vehicles and 200 pieces of power and field equipment

PONTIAC DPW Numbers

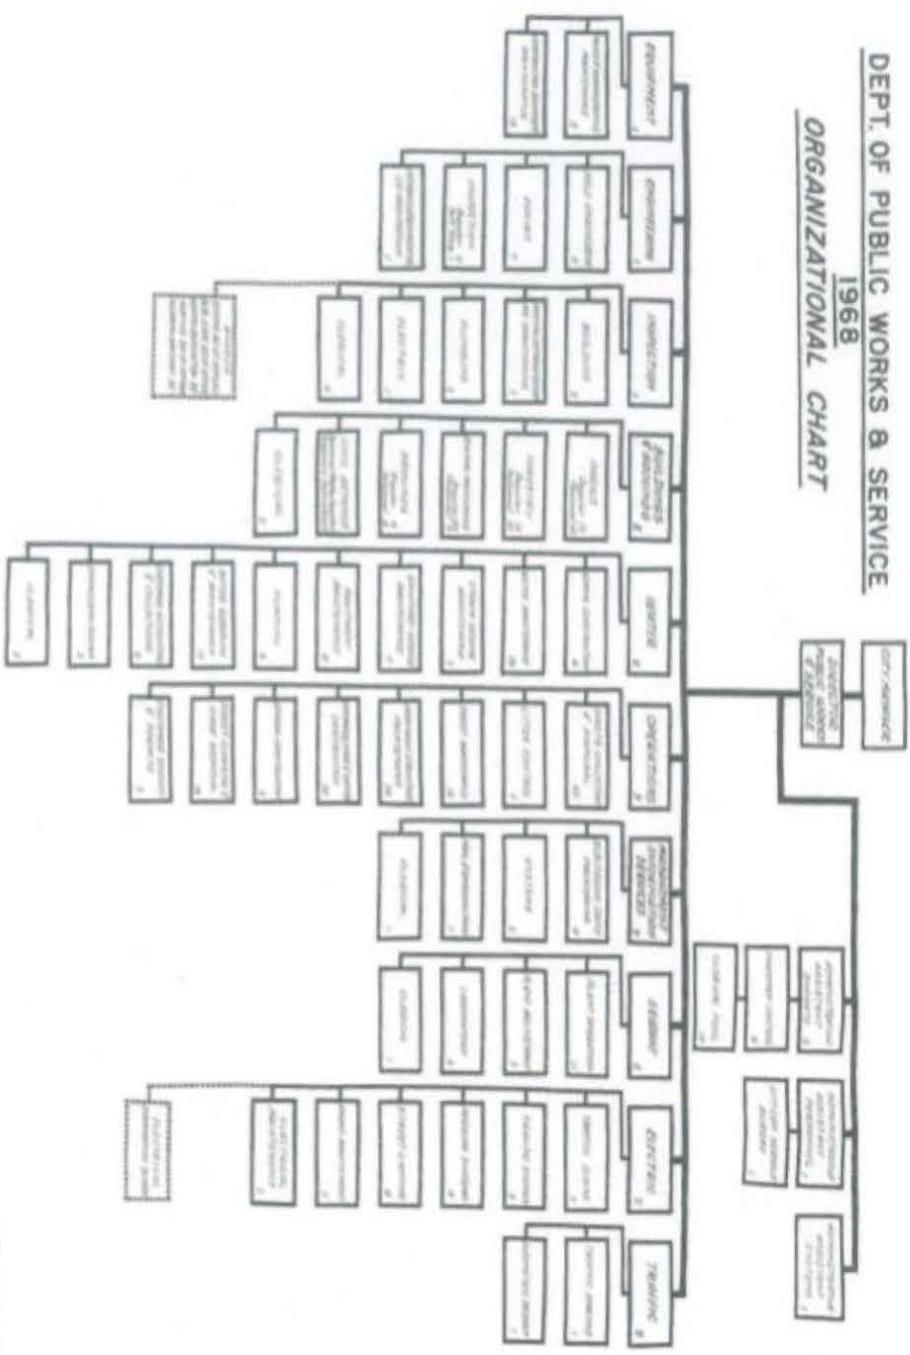

- **DPW operates a 6 Large Dumps, 2 Small Dumps and 2 pickups**
- **We have 6 CDL drivers and 3 non-CDL drivers for the pickups. That is taking the sanitation and facilities tech to support that**
- **169 major and 330 lane miles both larger than Rochester and Auburn Hills**
- **Our available field staff to complete snow is at 9 FTEs. This is significantly short of both Rochester and Auburn Hills**

DPW Staffing 1970

- 335 without Water and Sewage
- 442 with Water and Sewage

PONTIAC DPW 1970

DEPT. OF PUBLIC WORKS & SERVICE 1968 ORGANIZATIONAL CHART

DPW Staffing 2020

- 1 Director (Interim)
- 2 Superintendents (1 Building)
- 1 Supervisor
- 1 Right of Way
- 1 Sanitation Inspector
- 1 Maintenance Tech
- 1 Engineer
- 1 Foreman
- 6 Laborers
- 2 Admin Support
- Total of 17 FTEs

OPTIONS

○ **OPTION 1: Hire 2 full time CDL Drivers**

\$62,816/driver x 2 = \$125,632

○ **OPTION 2: Purchase 2 dump trucks & hire 2 full time CDL drivers**

\$190,000/vehicle x 2 + \$62,816/driver x 2 = \$505,632

○ **Option 3: Hire dedicated contractor with 7 additional vehicles**

Average episode cost: \$28,000 x estimated 10 occurrences = \$280,000

○ **Option 4: Work with adjacent communities to plow in Pontiac**

Labor costs 20% over City of Pontiac & Vehicle costs the same

Timing would not benefit the City as resources would not be available until plowing is completed in home community.

Immediate Recommendations

- Option 1: Hire 2 full time CDL drivers = **\$125,632**
- Phase in Option 2 = **\$505,632**
- Immediate End Goal: Purchase a total of 7 dump trucks and hire 7 additional full time CDL drivers. Phase in as resources are available for a total of **\$631,264**

- Currently being repaired by Detroit Elevator. The part needed has to be made and cannot be ordered.
- An Elevator replacement is approximately \$250,000 USD and would be down a minimum of eight (8)

Conclusion

- Immediate Recommendation Support needed...\$631,264
- Permanent Recommendation Support needed....\$7,555,000
- An Elevator replacement is approximately \$250,000 USD and would be down a minimum of eight (8)

Re: Additional Inspection Services – Amazon Project

Dear Mayor Waterman:

Congratulations on landing the Amazon project for Pontiac! This is a tremendous win for the City and we are proud to be a part of the team that will oversee the construction of these facilities.

Pursuant to the contract between the City of Pontiac and Wade Trim, Section 3.2.2 states:

For all building projects in excess of \$1 million in construction value, the Contractor will prepare a proposal of additional staff and resources needed to adequately service that project for approval of additional fees by the City Finance Director.

The construction value of the Amazon project is approximately \$271.6 million and will require significant additional inspection resources to meet the ambitious 18-month construction schedule proposed by Clayco. For this project, we will be required to add additional building, electrical, mechanical, and plumbing inspectors and additional administrative staff to our team so that we can provide timely on-demand inspections to the Amazon project while maintaining the current level of service for Pontiac residents and businesses for the duration of this project.

The nature of the construction phasing will require our team to adjust to the ability of the Contractor to meet their schedule as has been provided to us. Knowing that construction planning is fluid, this means that some months there will be little effort and some months there will be considerable effort required. We have done our best to project inspection needs based on the schedule given to us by Clayco. Additionally, we have met with both their leadership and construction managers to make the project communication as clear as possible to streamline the inspection and approval process. Nevertheless, the projected inspection hours and costs are an estimate based on the proposed construction schedule and Clayco's key delivery dates.

The building permit fees for the two buildings is \$1,610,300 inclusive of plan review fees. In preparing a potential schedule for our team to meet Clayco's construction schedule, we have developed a total estimate of what the potential cost of inspections may be. However, given the uncertain nature of large projects, we propose that we create a separate line item for the Amazon oversight and bill the required inspection work on an hourly basis.

Based on our estimate of hours and the construction schedule and phasing plan submitted by Clayco, we estimate inspection, review and project administration fees of \$965,000 for the Amazon project. Again, using the hourly approach described above, fees will only be billed to the City as the inspection work is performed. This approach allows only time spent on Amazon specific activities to be billed to this project and presents a significant opportunity for savings to the City should the anticipated level of staffing not be required for the project, but provides the flexibility for additional staffing should it be required.

By way of comparison, the estimated cost of inspection, review and administrative services for the Amazon project represents 60% of the total permit fee. For the purposes of comparing value, Wade Trim captured 72% of the total St. Joseph's hospital permit fee in 2012 as a lump sum under the terms of our original agreement with Pontiac. Under the hourly approach outlined above, Wade Trim will bill the City only for the work performed, allowing the balance of the permit fee to be maintained in the Building Safety fund. This provides cost recovery for us, continued outstanding service for City residents and businesses, and improved service to the Amazon team.

Proposed Staffing Plan

- Project Director/Supervisor: David Moran – 12 hours per week
- Project Administrative Support: Dan Kolbe – 8 hours per week
- On-site Building Inspector/Official: Charlie McIlhargey – 20 hours per week
- Electrical Inspector: Time varies per month based on construction schedule
- Mechanical Inspector: Time varies per month based on construction schedule
- Plumbing Inspector: Time varies per month based on construction schedule

Additional staff necessitated by shifting current staff onto the Amazon project:

- Customer Service Technician: Full-time 40 hours per week

Proposed Amazon Staffing Plan:

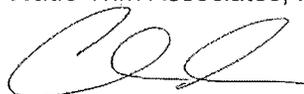

Position	Individual	Billable Rate
Project Director & QA/QC	David Moran	\$110/Hr
On-Site Building Inspector	Charlie McIlhargey	\$81/Hr
Electrical Inspector	TBD/Paul Cimeot	\$105/Hr
Mechanical Inspector	TBD	\$105/Hr
Plumbing Inspector	TBD	\$105/Hr
Project Administrative Support	Dan Kolbe	\$75/Hr
Customer Service Staff	TBD	\$60/Hr

We also discussed the possibility of creating an internship or job shadowing program as a part of this project. Technical inspection work typically requires considerable experience in the trades; however, we can work with the Jobs Pipeline to create job shadowing opportunities, particularly on this project. We will also work with the General Contractor and Subcontractors to encourage internships in partnership with the Pontiac Jobs Pipeline program. Additionally, Wade Trim has a summer internship program and we would welcome the opportunity to work with the Jobs Pipeline program to try and attract summer interns from Pontiac.

We look forward to discussing our staffing proposal with you at your earliest convenience.

Very truly yours,

Wade Trim Associates, Inc.

OFFICIAL MEMORANDUM

Executive Branch

TO: Honorable Council President and City Council Members

FROM: Jane Bais DiSessa, Deputy Mayor

DATE: February 6, 2020

Cc: Mayor Waterman, Anthony Chubb, City Attorney: Charles Smith, Wade Trim; and Irwin Williams, Interim Finance Director

RE: **Resolution to authorize the Mayor to negotiate with and enter into an additional service agreement with Wade trim as outlined in their letter dated January 16, 2020.**

The construction value of the Amazon project is approximately \$271.6 million, and accordance with the City's current contract with Wade Trim, Section 3.2.2, *"For all building projects in excess of \$1 million in construction value, the Contractor will prepare a proposal of additional staff and resources needed to adequately service that project for approval of additional fees by the City Finance Director.*

Based on the construction schedule and phasing plan submitted by Clayco, the estimated cost for inspection, review and project administration fees is 965,000 for the Amazon project. Again, using the hourly approach described in the attached letter from Wade Trim, fees will only be billed to the City as the inspection work is performed. This approach allows only time spent on Amazon specific activities to be billed to this project and presents a significant opportunity for savings to the City should the anticipated level of staffing not be required for the project, but provides the flexibility for additional staffing should it be required.

As such, for your consideration, the following resolution is recommended:

Whereas, the construction of the two Amazon facilities is anticipated to be completed in 18 months, and;

Whereas, the simultaneous phasing of the two facilities (distribution and fulfillment), necessitates an accelerated inspection program to ensure safe construction and facilities that meet all building codes, and;

Whereas, meeting the construction schedule will require on-site inspectors during much of the construction, and;

Whereas, the City's contract with Wade Trim states that "for all building projects in excess of \$1 million in construction value, Wade Trim will prepare a proposal of additional staff and resources needed to adequately service that project for approval of additional fees by the City Finance Director", and;

Whereas, the Building Permit fees for the two facilities is \$1,610,300, and;

Whereas, State Law requires all building permit fees to cover the costs of performing inspections and administering the department, and;

Whereas, the Building Safety Department needs to be able to respond to other inspection and permit requests a timely manner by providing trade inspections within 72 hours of a request and building inspections within 48 hours as best possible, and;

Whereas, the additional demands of the Amazon construction will necessitate the hiring of additional inspection staff to ensure that the both citizens of Pontiac and the Amazon construction team will continue to receive timely inspections and permits;

Therefore, be it resolved that the Mayor is authorized to negotiate and enter into an additional service agreement with Wade time as outlined in their letter dated January 16, 2020.

The program shall include providing daily supervision and conducting frequent inspections of the Contractor's staff and ensuring that accurate records are maintained describing the disposition of all complaints. The records so created shall be open to inspection by the City.
- 22) Record retention and access to records. Provided the Contractor is given reasonable advance written notice and such inspection is made during normal business hours of the Contractor, the City or any duly authorized representatives shall have unimpeded, prompt access to any of the Contractor's books, documents, papers, and/or records which are maintained or produced as a result of the project for the purpose of making audits, examinations, excerpts, and transcriptions. All records related to this contract shall be retained by the Contractor for three years after final payment is made under this contract and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of the three year period, the records shall be retained for one year after all issues arising out of the action are finally resolved or until the end of the three year period, whichever is later.
- 23) Recovery of money. Whenever, under the contract, any sum of money shall be recoverable from or payable by the Contractor to the City, the same amount may be deducted from any sum due to the Contractor under the contract or under any other contract between the Contractor and the City. The rights of the City are in addition and without prejudice to any other right the City may have to claim the amount of any loss or damage suffered by the City on account of the acts or omissions of the Contractor.
- 24) Right to audit. The Contractor shall maintain such financial records and other records as may be prescribed by the City or by applicable federal and state laws, rules, and regulations. The Contractor shall retain these records for a period of three years after final payment, or until they are audited by the City, whichever event occurs first. These records shall be made available during the term of the contract and the subsequent three-year period for examination, transcription, and audit by the Michigan Office of the State Auditor, its designees, or other authorized bodies.
- 25) Right to inspect facility. The City may, at reasonable times, inspect the place of business of the Contractor or any subcontractor, which is related to the performance of any contract awarded by the City.

26) Severability. If any part of this contract is declared to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision of the contract that can be given effect without the invalid or unenforceable provision, and to this end the provisions hereof are severable. In such event, the parties shall amend the contract as necessary to reflect the original intent of the parties and to bring any invalid or unenforceable provisions in compliance with applicable law.

27) City property. The Contractor will be responsible for the proper custody and care of any City-owned property furnished for the Contractor's use in connection with the performance of this contract. The Contractor will reimburse the City for any loss or damage, normal wear and tear excepted.

28) Termination for convenience clause.

a) The City reserves the absolute right to terminate the contract in whole or in part, for the convenience of the City at its sole discretion on thirty (30) days written notice to the Contractor. The City has the right, upon its sole discretion only, to terminate the contract with cause by giving notice to the Contractor of such termination, specifying the effective date thereof, at least fourteen (14) days before the effective date of such termination, and the Contract shall terminate in all respects as if such date were the date originally given for the expiration of the Contract.

b) The Contractor shall be liable to the City for damages sustained by the City by virtue of any breach of the Contract by the Contractor, and any costs the City might incur enforcing or attempting to enforce the Contract, and the City may pursue legal remedies in the collection of fees to compensate for the damages sustained by the City.

c) Contractor's Obligations. The Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the Contractor will stop work to the extent specified. The Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The City may direct the Contractor to assign the Contractor's right, title, and interest under terminated orders or subcontracts to the State of Michigan. The Contractor shall still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

29) Termination for default clause.

a) Default. If the Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the

contract provisions, or commits any other substantial breach of this contract, the City may notify the Contractor in writing of the delay or nonperformance and if not cured in ten days or any longer time specified in writing by the City, the City may terminate the Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the City may procure similar supplies or services in a manner and upon terms deemed appropriate by the City. The Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

- b) Contractor's Duties. Notwithstanding termination of the contract and subject to any directions from the City, the Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of the Contractor in which the City has an interest.
- c) Compensation. Payment for completed services delivered and accepted by the City shall be at the contract price. The City may withhold from amounts due the Contractor such sums as the City deems to be necessary to protect the City against loss because of outstanding liens or claims of former lien holders and to reimburse the City for the excess costs incurred in procuring similar goods and services.
- d) Excuse for Nonperformance or Delayed Performance. Except with respect to defaults of subcontractors, the Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by the Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if the Contractor has notified the City within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State of Michigan and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, the Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit the Contractor to meet the contract requirements. Upon request of the Contractor, the City shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the City under the clause entitled "Termination for Convenience." (As used in this paragraph, the term "subcontractor" means subcontractor at any tier).

- e) **Erroneous Termination for Default.** If, after notice of termination of the Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (d) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience by the City, be the same as if the notice of termination had been issued pursuant to such clause.
- f) **Additional Rights and Remedies.** The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.
- 30) **Termination upon bankruptcy.** This contract may be terminated in whole or in part by the City upon written notice to the Contractor, if the Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by the Contractor of an assignment for the benefit of its creditors. In the event of such termination, the Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.
- 31) **Third party action notification.** The Contractor shall give the City prompt notice in writing of any action or suit filed, and prompt notice of any claim made against the Contractor by any entity that may result in litigation related in any way to this contract.
- 32) **Unsatisfactory work.** If, at any time during the contract term, the service performed or work done by the Contractor is considered by the City to create a condition that threatens the health, safety, or welfare of the citizens and/or employees of the City of Pontiac, the Contractor shall, on being notified by the City, immediately correct such deficient service or work. In the event the Contractor fails, after notice, to correct the deficient service or work immediately, the City shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of the Contractor.
- 33) **Waiver.** No delay or omission by either party to this contract in exercising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute an acquiescence therein, impair any other right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver by either party to this contract shall be valid unless set forth in writing by the party making said waiver. No waiver of or modification to any term or condition of this contract will void, waive, or change any other term or condition. No waiver by one party to this contract of a default by the other party will imply, be construed as, or require waiver of future or other defaults.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors of
DMC Consultants, Inc.
d/b/a DMC Construction, Inc.
Detroit, Michigan

We have reviewed the accompanying financial statements of DMC Consultants, Inc. d/b/a DMC Construction, Inc. (a Michigan S Corporation) (the Corporation), which comprise the balance sheet as of December 31, 2016, and the related statements of income and retained earnings and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Corporation management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our report.

Accountant's Conclusion

Based on our review, except for the issue mentioned in the Known Departure from Accounting Principles Generally Accepted in United States of America paragraph, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Known Departure from Accounting Principles Generally Accepted in the United States of America

As disclosed in Note 6 to the financial statements, accounting principles generally accepted in the United States of America require the primary beneficiary of a variable interest entity to consolidate the variable interest entity in its financial statements. Management has informed us that the Corporation's financial statements do not include the accounts of DMC Property Management, LLC and C & A Contractors, Inc. that the Corporation has determined are variable interest entities and in which the Corporation holds a variable interest and is the primary beneficiary. The effects of this departure from accounting principles generally accepted in the United States of America on the financial position, results of operations, and cash flows have not been determined.

Supplementary Information

The supplementary information included in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. We have reviewed the information, and based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the information and, accordingly, do not express an opinion on such information.

1) ORGANIZATION

DMC Consultants, Inc. d/b/a DMC Construction, Inc. (the Corporation) was incorporated on November 10, 2005 under the Business Corporation Act of Michigan to provide management, engineering and technical consulting services; design, construction, operating, maintenance services, management and IT consulting services.

2) SIGNIFICANT ACCOUNTING POLICIES

It is the Corporation's policy to apply generally accepted accounting principles in presenting its financial statements. In this connection, the more significant policies of the Corporation are described below:

Revenue and Cost Recognition

Revenue from fixed-price construction contracts are recognized on the percentage of completion method measured by the percentage of cost incurred to date to estimated total cost for each contract. This method is used because management considers total costs to be the best available measure of progress on these contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change within the near term.

Contract costs include all direct material, subcontractors and labor costs and all other indirect costs related to contract performance. General and administrative costs are charged to expenses as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions and estimated profitability, including those arising from settlements, may result in revisions to costs and income and are recognized in the period in which the revisions are determined.

The Asset, "Costs and estimated earnings in excess of billings on uncompleted contracts," represents revenues recognized in excess of amounts billed. The Liability, "Billings in excess of costs and estimated earnings on uncompleted contracts," represents billings in excess of revenues recognized.

Property and Equipment

Property and equipment is stated at cost. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed in the period incurred. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

2) **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Property and Equipment (Continued)

Depreciation and amortization of property and equipment is provided utilizing the straight-line method over the estimated useful lives of the respective assets as follows:

Building and Building Improvements	31.5 years
Furniture and Fixtures	5-7 years
Machinery and Equipment	5 years
Computer and Software	3 years

Leasehold improvements are amortized over the shorter of the remaining term of the lease or the useful life of the improvement utilizing the straight-line method.

Income Taxes

The Corporation, with the consent of its stockholders, has elected to be taxed under the Internal Revenue Code as an S Corporation. In lieu of corporate income taxes, the stockholders of an S Corporation are taxed on their proportionate share of the Corporation's taxable income. Therefore, no provision or liability for federal income taxes has been included in these financial statements.

Accounting for uncertainty in income tax items

The Corporation has analyzed tax positions taken for filing with the Internal Revenue Service and state jurisdiction where it operates. The Corporation believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in material adverse effect on the financial condition, result of operations or cash flows. Accordingly, the Corporation has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2016. The Corporation is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Material estimates that are particularly susceptible to significant change in the near term are percentage of completion estimates on all contracts, and provisions for losses on accounts receivable.

2) **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Cash Equivalents

For financial statement purposes, the Corporation considers all highly liquid instruments with a maturity of three months or less to be cash equivalents.

Compensated Absences

Employees of the Corporation are entitled to paid vacation, paid sick days and personal days off, depending on the job classification, length of service and other factors. No liability has been recorded in the accompanying financial statements as it is the Corporation's policy to recognize the costs of compensated absences when actually paid to the employees. Upon termination, employees are not compensated for any unused time.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. If needed, management provides for probable uncollectible amounts through a charge to earnings and a credit to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. There was no allowance for doubtful accounts for the year ended December 31, 2016.

3) **CONCENTRATION OF CREDIT RISK**

Financial instruments that potentially subject the Corporation to concentrations of credit risk consist principally of contracts receivable.

Net sales for the year ended December 31, 2016 include sales to one major customer, which accounted for 10% or more of the total net sales of the Corporation, as follows:

<u>Customer</u>	<u>Percent of Sales</u>	<u>Receivable at December 31, 2016</u>

The Corporation's risk in each of these insured risk categories is limited to deductible amounts for each category, both individually and in aggregate.

6) **RELATED PARTY AND VARIABLE INTEREST ENTITY TRANSACTIONS**

The shareholders of the Corporation are also the shareholding members of the DMC Property Management, LLC, (the LLC), a Limited Liability Corporation, and C & A Contractors, Inc. (S. Corp.) and Tyler Street Investment, LLC. The Corporation has a property lease agreement with the DMC Property Management, LLC, under which, the total lease payments during the year were \$42,500.

Consolidation Rules: The Corporation is required to consolidate certain "variable interest entities" under accounting principles generally accepted in the United States of America. The LLC as well as the S. Corp has been identified as a variable interest entity that is required to be consolidated with the Corporation under these rules. However, the financial statements do not consolidate these variable interest entities as required by accounting principles generally accepted in the United States of America. The effects of this departure from GAAP have not been determined.

However, these financial statements include the accounts of DMC Consultants, Inc. d/b/a DMC Construction, Inc. and Tyler Street Investment, LLC, collectively referred as "The Corporation". All material inter-company transactions have been eliminated in combination.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Shareholders of
DMC Consultants, Inc.
d/b/a DMC Construction, Inc.
Detroit, Michigan

We have reviewed the accompanying financial statements of DMC Consultants, Inc. d/b/a DMC Construction, Inc. (a Michigan S Corporation) (the Corporation), which comprise the balance sheet as of December 31, 2017, and the related statements of income and retained earnings and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Corporation management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our report.

Accountant's Conclusion

Based on our review, except for the issue mentioned in the Known Departure from Accounting Principles Generally Accepted in United States of America paragraph, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

DMC Consultants, Inc.
d/b/a DMC Construction, Inc.
Independent Accountant's Review Report

Known Departure from Accounting Principles Generally Accepted in the United States of America

As disclosed in Note 6 to the financial statements, accounting principles generally accepted in the United States of America require the primary beneficiary of a variable interest entity to consolidate the variable interest entity in its financial statements. Management has informed us that the Corporation's financial statements do not include the accounts of DMC Property Management, LLC and C & A Contractors, Inc. that the Corporation has determined are variable interest entities and in which the Corporation holds a variable interest and is the primary beneficiary. The effects of this departure from accounting principles generally accepted in the United States of America on the financial position, results of operations, and cash flows have not been determined.

Supplementary Information

The supplementary information included in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of the management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modification that should be made to the supplementary information. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

Notes to Financial Statements
December 31, 2017

1) **ORGANIZATION**

DMC Consultants, Inc. d/b/a DMC Construction, Inc. (the Corporation) was incorporated on November 10, 2005 under the Business Corporation Act of Michigan to provide management, engineering and technical consulting services; design, construction, operating, maintenance services, management and IT consulting services.

2) **SIGNIFICANT ACCOUNTING POLICIES**

It is the Corporation's policy to apply generally accepted accounting principles in presenting its financial statements. In this connection, the more significant policies of the Corporation are described below:

Revenue and Cost Recognition

Revenue from fixed-price construction contracts are recognized on the percentage of completion method measured by the percentage of cost incurred to date to estimated total cost for each contract. This method is used because management considers total costs to be the best available measure of progress on these contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change within the near term.

Contract costs include all direct material, subcontractors and labor costs and all other indirect costs related to contract performance. General and administrative costs are charged to expenses as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions and estimated profitability, including those arising from settlements, may result in revisions to costs and income and are recognized in the period in which the revisions are determined.

The asset, "Costs and estimated earnings in excess of billings on uncompleted contracts," represents revenues recognized in excess of amounts billed. The liability, "Billings in excess of costs and estimated earnings on uncompleted contracts," represents billings in excess of revenues recognized.

Property and Equipment

Property and equipment is stated at cost. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed in the period incurred. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

2) **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Property and Equipment (Continued)

Depreciation and amortization of property and equipment is provided utilizing the straight-line method over the estimated useful lives of the respective assets as follows:

Building and Building Improvements	31.5 years
Furniture and Fixtures	5-7 years
Machinery and Equipment	5 years
Computer and Software	3 years

Leasehold improvements are amortized over the shorter of the remaining term of the lease or the useful life of the improvement utilizing the straight-line method.

Income Taxes

The Corporation, with the consent of its stockholders, has elected to be taxed under the Internal Revenue Code as an S Corporation. In lieu of corporate income taxes, the stockholders of an S Corporation are taxed on their proportionate share of the Corporation's taxable income. Therefore, no provision or liability for federal income taxes has been included in these financial statements.

Accounting for uncertainty in income tax items

The Corporation has analyzed tax positions taken for filing with the Internal Revenue Service and state jurisdiction where it operates. The Corporation believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in material adverse effect on the financial condition, result of operations or cash flows. Accordingly, the Corporation has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2017. The Corporation is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Material estimates that are particularly susceptible to significant change in the near term are percentage of completion estimates on all contracts, and provisions for losses on accounts receivable.

2) **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Cash Equivalents

For financial statement purposes, the Corporation considers all highly liquid instruments with a maturity of three months or less to be cash equivalents.

Compensated Absences

Employees of the Corporation are entitled to paid vacation, paid sick days and personal days off, depending on the job classification, length of service and other factors. No liability has been recorded in the accompanying financial statements as it is the Corporation's policy to recognize the costs of compensated absences when actually paid to the employees. Upon termination, employees are not compensated for any unused time.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. If needed, management provides for probable uncollectible amounts through a charge to earnings and a credit to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. There was no allowance for doubtful accounts for the year ended December 31, 2017.

3) **CONCENTRATION OF CREDIT RISK**

Financial instruments that potentially subject the Corporation to concentrations of credit risk consist principally of contracts receivable.

<u>Customer</u>	<u>Percent of Sales</u>	<u>Receivable at December 31, 2017</u>

6) **RELATED PARTY AND VARIABLE INTEREST ENTITY TRANSACTIONS**

The shareholders of the Corporation are also the shareholding members of the DMC Property Management, LLC, (the LLC), a Limited Liability Corporation, and C & A Contractors, Inc. (S. Consolidation Rules: The Corporation is required to consolidate certain "variable interest entities" under accounting principles generally accepted in the United States of America. The LLC as well as the S. Corp has been identified as a variable interest entity that is required to be consolidated with the Corporation under these rules. However, the financial statements do not consolidate these variable interest entities as required by accounting principles generally accepted in the United States of America. The effects of this departure from GAAP have not been determined.

However, these financial statements include the accounts of DMC Consultants, Inc. d/b/a DMC Construction, Inc. and Tyler Street Investment, LLC, collectively referred as "The Corporation". All material inter-company transactions have been eliminated in combination.

Notes to Financial Statements
December 31, 2018

1) ORGANIZATION

DMC Consultants, Inc. d/b/a DMC Construction, Inc. (the Corporation) was incorporated on November 10, 2005 under the Business Corporation Act of Michigan to provide management, engineering and technical consulting services; design, construction, operating, maintenance services, management and IT consulting services.

2) SIGNIFICANT ACCOUNTING POLICIES

It is the Corporation's policy to apply generally accepted accounting principles in presenting its financial statements. In this connection, the more significant policies of the Corporation are described below:

Revenue and Cost Recognition

Revenue from fixed-price construction contracts is recognized on the percentage of completion method measured by the percentage of cost incurred to date to estimated total cost for each contract. This method is used because management considers total costs to be the best available measure of progress on these contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change within the near term.

Contract costs include all direct material, subcontractors and labor costs and all other indirect costs related to contract performance. General and administrative costs are charged to expenses as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions and estimated profitability, including those arising from settlements, may result in revisions to costs and income and are recognized in the period in which the revisions are determined.

The asset, "Costs and estimated earnings in excess of billings on uncompleted contracts," represents revenues recognized in excess of amounts billed. The liability, "Billings in excess of costs and estimated earnings on uncompleted contracts," represents billings in excess of revenues recognized.

Property and Equipment

Property and equipment is stated at cost. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed in the period incurred. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

2) **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Property and Equipment (Continued)

Depreciation and amortization of property and equipment is provided utilizing the straight-line method over the estimated useful lives of the respective assets as follows:

Building and Building Improvements	31.5 years
Furniture and Fixtures	5-7 years
Machinery and Equipment	5 years
Computer and Software	3 years

Leasehold improvements are amortized over the shorter of the remaining term of the lease or the useful life of the improvement utilizing the straight-line method.

Income Taxes

The Corporation, with the consent of its stockholders, has elected to be taxed under the Internal Revenue Code as an S Corporation. In lieu of corporate income taxes, the stockholders of an S Corporation are taxed on their proportionate share of the Corporation's taxable income. Therefore, no provision or liability for federal income taxes has been included in these financial statements.

Accounting for Uncertainty in Income Tax Items

The Corporation has analyzed tax positions taken for filing with the Internal Revenue Service and state jurisdiction where it operates. The Corporation believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in material adverse effect on the financial condition, result of operations or cash flows. Accordingly, the Corporation has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2018. The Corporation is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Material estimates that are particularly susceptible to significant change in the near term are percentage of completion estimates on all contracts, and provisions for losses on accounts receivable.

2) **SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Cash Equivalents

For financial statement purposes, the Corporation considers all highly liquid instruments with a maturity of three months or less to be cash equivalents.

Compensated Absences

Employees of the Corporation are entitled to paid vacation, paid sick days and personal days off, depending on the job classification, length of service and other factors. No liability has been recorded in the accompanying financial statements as it is the Corporation's policy to recognize the costs of compensated absences when actually paid to the employees. Upon termination, employees are not compensated for any unused time.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. If needed, management provides for probable uncollectible amounts through a charge to earnings and a credit to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. There was no allowance for doubtful accounts for the year ended December 31, 2018.

3) **CONCENTRATION OF CREDIT RISK**

Financial instruments that potentially subject the Corporation to concentrations of credit risk consist principally of contracts receivable.

Net sales for the year ended December 31, 2018 include sales to three major customers, which accounted for 10% or more of the total net sales of the Corporation, as follows:

<u>Customer</u>	<u>Percent of Sales</u>	<u>Receivable at December 31, 2018</u>

5) VARIABLE INTEREST ENTITIES

The FASB issued ASU 2018-17, Consolidation (Topic 810): Targeted Improvements to Related Party Guidance for Variable Interest Entities, which amends the consolidation guidance by allowing private companies to make an accounting policy election not to apply the variable-interest entity (VIE) guidance when assessing whether a legal entity should be consolidated. These amendments are effective for a private company for fiscal years beginning after December 15, 2020 and for interim periods within fiscal years beginning after December 15, 2021. Early adoption of the amendments, including in an interim period, is permitted.

DMC Property Management, LLC, C&A Contractors Inc. and Tyler Street Investment LLC have been identified as variable interest entities. DMC Property Management, LLC has a property lease agreement with the Corporation, under which the Corporation paid \$51,000 during the year ended December 31, 2018. However, the Corporation elected to early adopt the above standard. Accordingly, based on the above guidance, all of the above VIE's are exempt from consolidation with the Corporation's financial statements.

13) UPCOMING STANDARDS

ASU 2014-09, Revenue from Contracts with Customers (Topic 606)

ASU 2014-09 is a comprehensive new revenue recognition standard that will supersede most existing revenue recognition guidance under GAAP. The standard's core principle is that an entity should recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 prescribes a five-step process to accomplish this core principle, including:

- Identification of the contract with the customer;
- Identification of the performance obligation(s) under the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the identified performance obligation(s); and
- Recognition of revenue as (or when) an entity satisfies the identified performance obligation(s).

This framework will require entities to make greater use of judgments and estimates than previously required under GMP. ASU 2014-09 also prescribes additional disclosures and financial statement presentations.

Notes to Financial Statements (Continued)
December 31, 2018

13) UPCOMING STANDARDS (Continued)

ASU 2016-02, Leases (Topic 842)

ASU 2016-02 substantially changes current GAAP regarding lease accounting and offers specific accounting guidance for lessees, lessors and sale-leaseback transactions.

ASU 2016-02 establishes a right-of-use ("ROU") model that requires lessees to record a ROU asset and a lease liability in the statement of financial position for all leases with terms longer than 12 months (the standard may optionally be applied to leases with terms of 12 months or less). Leases will be classified as either finance leases or operating leases depending on the characteristics of the lease; consistent with current GAAP; the recognition, measurement and presentation of expenses and cash flows arising from the lease will depend on the lease classification.

ASU 2016-02 requires lessors to classify leases as sales-type, direct financing or operating. A lease will be treated as a sales-type lease if it transfers all of the risks and rewards, as well as control of the underlying asset, to the lessee. If risks and rewards are conveyed without the transfer of control, the lease is treated as a direct financing lease. If the lessor does not convey risks and rewards or control, the lease is considered an operating lease.

This update also requires specific quantitative and qualitative disclosures about leasing arrangements to enable financial statements users to assess the amount, timing and uncertainty of cash flows arising from leases.

The effective date of this standard is FY 2020. Early adoption is permitted.

14) SUBSEQUENT EVENTS

The Corporation has evaluated all subsequent events through May 3, 2019, the date the financial statements were available to be issued. No significant subsequent event was noted that required adjustment or disclosure in the financial statements.

List of Legal Proceedings/Claims against DMC for the Past 5 Years

1) MIOSHA v/s DMC Consultants, Inc:

DMC was contracted for non-environmental interior demolition by a General Contractor. However the drywall had some positive joint compound, which was not revealed to DMC. The environmental work on this project was contracted to another contractor, and DMC was only performing non-environmental work. MIOSHA had fined DMC for \$265,000 for willful H&S (asbestos) violation. DMC has protested the violation. Recently a judgment was released by a Judge that the violation was not willful and the fines were reduced to \$3,400.

2) Standard Guarantee Insurance Company v/s DMC Consultants, Inc./Lakeshore Global/DLBA

DMC had demolished a property contracted by DLBA and inspected by Lakeshore Global. The property knocked down was located at 21233 Margareta, Detroit. DMC was not at fault as it has demolished the property under contract. **Claim is settled by Insurance Company.**

3) Douglas Evans v/s DMC Consultants, Inc.

Douglas Evans had filed a lawsuit against DMC claiming that he was injured at a DMC site. Douglas was not a DMC employee and the incident was a nuisance claim. **The case was dismissed in the Court.**

4) Dalon McClinton v/s DMC Consultants, Inc.

Dalon had claimed that he was injured by slipping into an open hole next to his house where DMC was performing Demolition. Dalon claimed the site had no fence and the earth gave away while he was chasing his dog. DMC has the site secured and has provided all pictures. **The case was settled by the Insurance Company.**

5) Connie Evwaraye v/s DMC Consultants, Inc.

This was an Auto Insurance Claim. Connie's vehicle was hit by DMC's Truck. **The case is settled by Insurance Company.**

6) H&H Metals d/b/a Metro Waste v/s DMC Consultants, Inc.

H&H Metals had filed a lawsuit for non-payment for services provided on a DLBA project. They assumed DMC was the GC on the project. DMC did not work on the project. **The case was dismissed.**

7) Jasso Brothers v/s DMC Consultants, Inc.

Jasso Brothers was a concrete contractor doing side-walks on DMC Demolition sites. DMC had paid around \$280,000 in 2017. He had also provided services in 2018 close to around \$180,000. DMC had paid almost \$40,000 to him on the contract. DMC's account department questioned his invoice, and asked an engineer to verify the quantities claimed by Jasso. Upon verification the engineer reported a lot of discrepancies between actual concrete poured and billed by the subcontractor. DMC has disputed his invoices.

DMC is filing a counter lawsuit against Jasso Brothers for fraud for over invoicing for the year 2017. Upon inspection DMC realized that Jasso Brother cheated DMC and over invoiced and got paid from DMC for the work performed in 2017. The case was withdrawn and the matter was settled between parties.

PART II - GENERAL PROVISIONS

2.1 Project Changes

Grantee must obtain prior written approval for substantial changes to the compliance plan from the Grantor.

2.2 Delegation

Grantee must notify the MIDC at least 90 calendar days before the proposed delegation with reasonable detail of subgrantee and the nature and scope of the activities delegated. If any obligations under this grant are delegated, Grantee must: (a) be the sole point of contact regarding all contractual project matters, including payment and charges for all Grant activities; (b) make all payments to the subgrantee; and (c) incorporate the terms and conditions contained in this Grant in any subgrant with a subgrantee. Grantee remains responsible for the completion of the Grant activities and compliance with the terms of this Grant.

2.3 Program Income

To the extent that it can be determined that interest was earned on advances of funds, such interest shall be recorded in the Grantee's restricted Indigent Defense fund and included in the quarterly FSRs. The grant award shall not be increased by the amount of interest earned. Any grant funds attributable to interest and not spent at the end of the grant period shall be returned to the State or included in future grant awards from the MIDC consistent with MCL 780.993(15), as amended 12/23/18.

2.4 Share-in-savings

The Grantor expects to share in any cost savings realized by the Grantee in proportion of the grant funds to the local share.

2.5 Purchase of Equipment

The purchase of equipment must be made pursuant to the Grantee's established purchasing policy and if not specifically listed in the Budget, Attachment B, must have prior written approval of the Grantor. Equipment is defined as non-expendable personal property having a useful life of more than one year. Such equipment shall be retained by the Grantee unless otherwise specified at the time of approval.

2.6 Accounting

The Grantee must establish and maintain a restricted indigent defense fund in their local chart of accounts to record all transactions related to the indigent defense grant. The restricted fund will not lapse to the local general fund at the close of the Grantee's fiscal year. The Grantee shall adhere to the Generally Accepted Accounting Principles and shall maintain records which

will allow, at a minimum, for the comparison of actual outlays with budgeted amounts. The Grantee's overall financial management system must ensure effective control over and accountability for all indigent defense funds received. Accounting records must be supported by source documentation of expenditures including, but not limited to, balance sheets, general ledgers, payroll documents, time sheets and invoices. The expenditure of state funds shall be reported by line item and compared to the Budget.

2.7 Records Maintenance, Inspection, Examination, and Audit

The State or its designee may audit the Grantee and the restricted indigent defense fund account to verify compliance with this Grant. Grantee must retain, and provide to the State or its designee upon request, all financial and accounting records related to the Grant through the term of the Grant and for 7 years after the latter of termination, expiration, or final payment under this Grant or any extension ("Audit Period"). If an audit, litigation, or other action involving the records is initiated before the end of the Audit Period, Grantee must retain the records until all issues are resolved.

Within 10 calendar days of providing notice, the State and its authorized representatives or designees have the right to enter and inspect Grantee's premises or any other places where Grant activities are being performed, and examine, copy, and audit all records related to this Grant. Grantee must cooperate and provide reasonable assistance. If any financial errors have occurred, the amount in error must be reflected as a credit or debit on subsequent disbursements until the amount is paid or refunded. Any remaining balance must be reported by the Grantee to the Grantor by October 31 of each year as required under the MIDC Act.

This Section applies to Grantee, any parent, affiliate, or subsidiary organization of Grantee, and any subgrantee that performs Grant activities in connection with this Grant.

If the Grantee is a governmental or non-profit organization and expends the minimum level specified in OMB Uniform Guidance (\$750,000 as of December 26, 2013) or more in total federal funds in its fiscal year, then Grantee is required to submit an Audit Report to the Federal Audit Clearinghouse (FAC) as required in 200.36.

2.8 Competitive Bidding

The Grantee agrees that all procurement transactions involving the use of state funds shall be conducted in a manner that provides maximum open and free competition, consistent with Grantee's purchasing policies. Sole source contracts should be negotiated to the extent that such negotiation is possible. Attorney contracts, including managed assigned counsel contracts for representation of indigent or partially indigent defendants, are exempt from a competitive bid process, but must meet standard internal procurement policies, as applicable.

3.0 Liability

The State is not liable for any costs incurred by the Grantee before the start date or after the end date of this Agreement. Liability of the State is limited to the terms and conditions of this Agreement and the total grant amount.

The Grantee, and all subgrantees are responsible for ensuring that all precautions are exercised at all times for the protection of persons and property. Safety provisions of all Applicable Laws and building and construction codes shall be observed. The Grantee, and every subgrantee are responsible for compliance with all federal, state and local laws and regulations in any manner affecting the work or performance of this Agreement and shall at all times carefully observe and comply with all rules, ordinances, and regulations. The Grantee, and all subgrantees shall secure all necessary certificates and permits from municipal or other public authorities as may be required in connection with the performance of this Agreement.

3.2 Indemnification

Each party to this grant must seek its own legal representation and bear its own legal costs; including judgments, in any litigation which may arise from the performance of this Grant and/or Agreement. It is specifically understood and agreed that neither party will indemnify the other party in any such litigation.

3.3 Failure to Comply and Termination

- A. Failure to comply with duties and obligations under the grant program as set forth in Public Act 93 of 2013, as amended, is subject to the procedures contained in sections 15 and 17 of said Act.
- B. Termination for Convenience

The State may immediately terminate this Grant in whole or in part without penalty and for any reason, including but not limited to, appropriation or budget shortfalls. If the State terminates this Grant for convenience, the State will pay all reasonable costs, for State approved Grant responsibilities. If parties cannot agree to the cost to be paid by the State, the parties shall attempt to resolve the dispute by mediation pursuant to MCL 780.995. The Grantee's duty to comply with MIDC standards is limited to funding covering the cost of compliance as set forth in section 17 of Public Act 93 of 2013, as amended.

3.4 Conflicts and Ethics

Grantee will uphold high ethical standards and is prohibited from: (a) holding or acquiring an interest that would conflict with this Grant; (b) doing anything that creates an appearance of impropriety with respect to the award or performance of the Grant; (c) attempting to influence or appearing to influence any State employee by the direct or indirect offer of anything of value; or (d) paying or agreeing to pay any person, other than employees and consultants working for Grantee, any consideration contingent upon the award of the Grant. Breach of this covenant is a material breach of this Grant.

3.6 Unfair Labor Practices

Under MCL 423.324, the State may void any Grant with a Grantee or subgrantee who appears on the Unfair Labor Practice register compiled under MCL 423.322.

3.7 Force Majeure

Neither party will be in breach of this Grant because of any failure arising from any disaster or acts of god that are beyond their control and without their fault or negligence. Each party will use commercially reasonable efforts to resume performance. Grantee will not be relieved of a breach or delay caused by its subgrantees except where the Commission determines that an unforeseeable condition prohibits timely compliance pursuant to MCL 780.993, Sec. 13(11).

4.0 Certification Regarding Debarment

The Grantee certifies, by signature to this Agreement, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this Agreement by any federal or State department or agency. If the Grantee is unable to certify to any portion of this statement, the Grantee shall attach an explanation to this Agreement.

4.1 Illegal Influence

The Grantee certifies, to the best of his or her knowledge and belief that:

- B. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this grant, the Grantee shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- C. The Grantee shall require that the language of this certification be included in the award documents for all grants or subcontracts and that all subrecipients shall certify and disclose accordingly.

The State has relied upon this certification as a material representation. Submission of this certification is a prerequisite for entering into this Agreement imposed by 31 USC § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Grantee certifies, to the best of his or her knowledge and belief that no state funds have been paid nor will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of any State agency, a member of the Legislature, or an employee of a member of the Legislature in connection with the awarding of any state contract, the making of any state grant, the making of any state loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state contract, grant, loan or cooperative agreement.

4.2 Governing Law

This Grant is governed, construed, and enforced in accordance with Michigan law, excluding choice-of-law principles, and all claims relating to or arising out of this Grant are governed by Michigan law, excluding choice-of-law principles. Any dispute arising from this Grant must be resolved as outlined in Sec. 15 of PA93 of 2013, as amended.

4.3 Disclosure of Litigation, or Other Proceeding

Grantee must notify the State within 14 calendar days of receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "Proceeding") that arises during the term of the Grant against a public defender office, an attorney employed by a public defender office, or an attorney contracted to perform indigent defense functions funded by the Grantee that involves: (a) a criminal Proceeding; (b) a civil Proceeding involving a claim that, after consideration of Grantee's insurance coverages, would adversely affect Grantee's viability; (c) a civil Proceeding involving a governmental or public entity's claim or written allegation of fraud related to performance of the Grant; or (d) a Proceeding challenging any license that an attorney practicing on behalf of a public defender office or an attorney practicing pursuant to a contract to perform indigent defense functions for the Grantee is required to possess in order to perform under this Grant.

4.4 Assignment

Grantee may not assign this Grant to any other party without the prior approval of the State. Upon notice to Grantee, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Grant to any other party. If the State determines that a novation of the Grant to a third party is necessary, Grantee will agree to the novation, provide all necessary documentation and signatures, and continue to perform, with the third party, its obligations under the Grant.

4.5 Entire Grant and Modification

This Grant is the entire agreement and replaces all previous agreements between the parties for the Grant activities. Grantee assumes all rights, obligations and liabilities set forth in this Grant. Grantee, its employees, and agents will not be considered employees of the State. No partnership or joint venture relationship is created by virtue of this Grant. Grantee, and not the State, is responsible for the payment of wages, benefits and taxes of Grantee's employees. Prior performance does not modify Grantee's status as an independent Grantee.

4.7 Dispute Resolution

The parties will endeavor to resolve any Grant dispute in accordance with section 15 of Public Act 93 of 2013. The dispute will be referred to the parties' respective representatives or

program managers. Such referral must include a description of the issues and all supporting documentation. The parties will continue performing while a dispute is being resolved, unless the dispute precludes performance or performance would require Grantee to spend in excess of its local share as defined by MCL 780.983(h).

5.0 Severability

If any part of this Grant is held invalid or unenforceable, by any court of competent jurisdiction, that part will be deemed deleted from this Grant and the severed part will be replaced by agreed upon language that achieves the same or similar objectives. REPRESENTATION

All parties to this Agreement herein acknowledges that no representation, inducements, promises or other agreements orally or otherwise have been made by any party hereto or by any action on behalf of any party hereto, which are not included herein, and that no other agreement, statement or promise not contained within this Agreement shall be valid or binding. Any alteration or modification of this Agreement shall be effective only when done so in writing, signed and dated by all parties hereto.

COUNTERPARTS

This Agreement, at the discretion of the parties herein, may be executed in counterparts, each of which shall be deemed an original and all of which together shall constitute a single integrated document.

SEVERABILITY

In the event that any provision, clause, sentence, section or other part of the Contract is held to be invalid, illegal, inapplicable, unconstitutional, contrary to public policy, void or unenforceable in law to any person or circumstance, the balance of the Agreement will nevertheless remain in full force and effect so long as the Purpose of the Agreement is not affected in any manner adverse to either party.

WAIVER

If either party fails to enforce any provisions contained within this Agreement, it shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Agreement.

JURISDICTION AND VENUE

This Agreement is to be construed to the current laws of the State of Michigan and venue for any claim arising out of this Agreement shall be made in the State of Michigan, in the County of Oakland.

COPIES

Both the Independent Contractor and the City acknowledges that they have received a signed copy of this Agreement.

THE UNDERSIGNED HAVE READ, UNDERSTAND AND ACCEPT THIS AGREEMENT, and by signing this Agreement, acknowledge that they have authority to execute the Agreement, and all parties agree to all of the aforementioned terms and conditions.

Coverage should include premises/operation, products/completed operation, personal and advertising injury, contractual liability and fire damage legal liability.

- 6.2 General Insurance Requirements. All of the foregoing policies of insurance shall provide and/or include the following terms, requirements and provisions:

- 6.3 Minimum Requirements. The City hereby acknowledges that the insurance policy terms, limits and conditions set forth herein, constitute Minimum Insurance Requirements and shall in no way be interpreted to limit or restrict the amount of insurance that the City should secure. Nor shall the foregoing Minimum Insurance Requirements limit the liabilities or obligations of the City under this Memorandum of Understanding, including without limitation, the City's indemnification obligations set forth herein.
- 6.4 City Subcontractors. Any Subcontractor hired by the City shall include the Authority and its Directors, Officers and Employees as additional insureds under its policies in a form acceptable to the Authority. All insurance requirements set forth herein, including minimum requirements and terms related to cancellation and/or modification of insurance, shall apply to all City Subcontractors, to the fullest extent applicable to the portion of the services they provide at the Parking Deck. It is expressly understood and agreed that the requirements of Section 6.4 do not apply to the Authority as an Independent Contractor hired by the City.
- 6.5 Suspension of Services due to Lack of Insurance. The Authority shall notify the City whenever it has a reasonable belief that the City has failed to secure or maintain insurance as required by this Memorandum of Understanding. Notwithstanding any other provision of this Memorandum of Understanding, after its receipt of any such notice, the Authority and Authority Employees shall not enter the Parking Deck until the City has secured and is maintaining insurance as required by this Memorandum of Understanding. It is expressly understood and agreed that the Authority has no duty to perform or continue management services if there is a lapse in insurance as required by this Memorandum of Understanding.
- (d) Indemnification. To the greatest extent permissible by law, the City shall indemnify, defend, and hold harmless the Authority, its Directors, Officers and Employees from and against any and all losses, claims, damages and expenses (including reasonable costs of investigation and attorneys' fees) (collectively, the "Losses") arising from (i) City's failure to comply with any and all federal, state, foreign, local, and/or municipal regulations, ordinances, statutes, rules, laws,

and/or constitutional provisions (collectively the "Laws") applicable to performance under this Memorandum of Understanding, (ii) any unlawful acts on the part of City, City Employees and/or City Subcontractors, (iii) personal or bodily injury to or death of persons or damage to the Parking Deck and/or property of the Authority which has been alleged to have been caused by the negligent and/or intentional acts, errors, and/or omissions, or the willful misconduct of City, City Employees and/or City Subcontractors, (iv) City's failure to pay any wages, invoices, taxes, and/or other amounts to be paid by City as and when they are due, and/or (v) the material breach or default by City, City Employees and/or City Subcontractors of any provisions of this Memorandum of Understanding, including, but not limited to the acts and/or failures to act of City, its Employees, and/or City Subcontractors in completing capital improvements, and any and all liability, statutory, or otherwise, alleged to arise from operation of the Parking Deck. To the greatest extent permissible by law, the Authority agrees to indemnify and hold harmless the City against and from any and all liabilities, obligations, damages, penalties, claims, costs, charges, losses and expenses which may be imposed upon, incurred by or asserted against the City where a loss is alleged to have been caused by the gross negligence and/or willful or wanton misconduct of the Authority and/or its Employees in performing Services pursuant to this Memorandum of Understanding.

(e) Survival of Indemnity. The indemnity provisions set forth in this paragraph shall survive the termination of this Memorandum of Understanding.

(f) Authority Not Responsible. The Authority shall not be responsible for any goods, merchandise, inventory or equipment owned or leased by the City and used, maintained or stored at the Parking Deck. Nor will the Authority be responsible for any damage resulting from a power failure, flood, fire, explosion, vandalism, theft, and or other causes.

7. Compensation. In consideration for the Management Services rendered by the Authority as provided in this Memorandum of Understanding, the City agrees to compensate and pay the Authority as follows:

(a) The City shall pay the Authority an annual Management Fee of \$9,000, payable in 9 equal monthly installments of \$1,000, within 30 days submission of an invoice by the Authority; and

(b) Any profit derived from the Parking Deck during the Term of this Memorandum of Understanding shall be split 50% between the Authority and the City. The Profit shall be calculated based on net Parking Deck revenue less any costs incurred by the Authority for performance of the Management Services.

8. Status as Independent Contractor. The Authority recognizes that it is being engaged as an independent contractor and not as an agent or employee of City. The Authority acknowledges that as an independent contractor it is undertaking certain risks of loss not associated with an employment relationship. Under no circumstances is the Authority considered to be the agent of the City. Except as authorized under the terms of this Memorandum of Understanding, the Authority shall have no authority to act in City's name or on its behalf or to enter into any contract or agreement on behalf

of City or to bind or obligate City in any manner whatsoever. The Authority shall be solely liable and responsible for paying its own employees, subcontractors, and agents, if any, and for paying all taxes imposed, levied or assessed by any governmental agency, as applicable, on the compensation it receives from City.

9. Subordination. This Memorandum of Understanding shall be subordinate to the Settlement Agreement and Release dated November 1, 2018, (“Release”) attached as Exhibit B. It is expressly understood and agreed that any conflicting obligations of the Parties set forth in this Memorandum of Understanding are superseded by the terms of the Release.
10. Communications and Notices. The Authority and City shall each designate in writing a person to be advised as to any and all matters under this Memorandum of Understanding. Any notices to be given hereunder by any party to any other party may be affected by personal delivery, in writing, or by mail, registered or certified, postage prepaid with return receipt requested. Mailed notices shall be addressed to the parties at the addresses appearing below, but each party may change its address by written notice to the other party in accordance with this Paragraph 9. RESOLUTION

CITY OF PONTIAC
Department of Building Safety & Planning
Planning Division

47450 Woodward Ave • Pontiac, Michigan 48342
Telephone: (248) 758-2800

Mayor Deirdre Waterman

TO: HONORABLE MAYOR, COUNCIL PRESIDENT AND CITY COUNCIL

FROM: VERN GUSTAFSSON – PLANNING MANAGER
DONOVAN SMITH – CITY PLANNER
THROUGH THE OFFICE OF DEPUTY MAYOR, JANE BAIS-DISESSA

SUBJECT: THE PLATT PONTIAC'S LITTLE ART THEATRE - RESOLUTION FOR APPROVAL OF
REDEVELOPMENT LIQUOR 'BISTRO' LICENSE – RLL 20-02
PIN: 64-14-29-433-017

DATE: February 6, 2020

The City of Pontiac is in receipt of application RLL 20-02 for a Redevelopment Liquor License petition for the establishment of Bistro Liquor Licensing at the proposed location, 47 N. Saginaw, on behalf of The Platt Pontiac's Little Art Theatre. The City of Pontiac, City Council adopted resolution 19-401 on August 6, 2019 to permit the operation and issuance of Redevelopment "Bistro" Liquor Licenses in the C-2 Downtown zoning district. The implementation of the Bistro Redevelopment Liquor License program supports business located in designated TIFA Districts to be granted "Bistro" Liquor Licenses. These licenses are created from Public Act 501 of 2006, establishing Redevelopment Liquor Licenses and encouraging businesses who desire to locate in cities with limited or no liquor licenses available to redevelopment areas within the city. The Bistro Liquor License will benefit those businesses downtown who engage in dining, entertainment, or recreation as a primary use, while the sale of alcohol for on-site consumption will be a secondary use. The issuance of Bistro Licenses will serve as an Economic Development tool, increasing vehicular and pedestrian foot traffic in the Downtown area, while also increasing services to local business and their patrons. The granting of Bistro Licenses will require the submission of a Bistro License Application provided by the city, Planning Commission Special Exemption Permit review, and City Council approval is required for the initial issuance, reissuance, and transfer of Bistro Licenses.

Per the City of Pontiac Zoning Ordinance for the issuance of Redevelopment Liquor Licenses and the Conditions for Issuance and Operations, and the Michigan Liquor Control Code. All establishments who wish to operate Redevelopment "Bistro" Liquor Licenses must meet the following criteria for eligibility.

1. The liquor license must be a redevelopment district or development district license, as defined in the Michigan Liquor Control Code, MCLA § 436.1101 et seq., as amended, the City of Pontiac C-2 Downtown Commercial Zoning District.
2. Interior seating (including bar seating) can be no less than 50 people and no greater than 150 people.
3. Bar seating shall be limited to 25% or less of the interior seating.

4. The establishment shall close no later than 12:00AM. With the prior approval of City Council, an establishment may remain open to offer food service.
5. Sales of food shall total not less than 50% of the total revenue of the establishment.
6. The licensee must otherwise comply with all requirements of the City Code.
7. Personal Investment in the property must be greater than \$75,000

The petition for a Redevelopment "Bistro" Liquor License RLL 20-02, as submitted by the applicant, does meet the requirements of the Michigan Liquor Control Code and Bistro Ordinance licensing requirements, in addition to the seven approval criteria of Section 6.303 of the Pontiac Zoning Ordinance. In consideration of the Bistro License requirements, observance of the Special Exemption Permit approval criteria, the information provided by the applicant, and the findings of fact outlined above, we recommend the Pontiac City Council approve the applicant's petition for the "Bistro" Liquor License, RLL 20-02 for The Plat Pontiac's Little Art Theatre, 47 N Saginaw, Parcel 64-14-29-433-017.

Whereas, the City of Pontiac City Council chooses to engage in PA 58, 1998, MCL 436.1521a(1)(b) for the issuance of New On-Premises Development District License and establishment of Redevelopment Liquor Licenses in the **Tax Increment Finance Authority Act (TIFA)** District under Part 3 of Public Act 57 of 2018.

Whereas, The Platt Pontiac's Little Art Theatre, Parcel 64-14-29-433-017, 47 N. Saginaw St., has made petition for a Specially Designated Distributer (SDD) and Specially Designated Merchant (SDM), 'Bistro' License, and whom meets eligibility requirements for licensure issuance under the MCL 436.1521a(1)(b),

Whereas, the City of Pontiac Planning Commission unanimously approved a recommendation at the February 5, 2020 meeting, that the Bistro Liquor License for The Platt Pontiac's Little Art Theatre, at 47 N. Saginaw, be approved for license issuance to the Pontiac City Council,

Whereas, The Platt Pontiac's Little Art Theatre, 47 N Saginaw St, shall comply with the City of Pontiac Ordinance 2366 to Allow for Redevelopment Liquor Licenses and Conditions for Issuance and Operations of the petitioned Specially Designated Distributer (SDD) and Specially Designated Merchant (SDM) 'Bistro' License and the MCL 436.1521a(1)(b),

Therefore be it resolved, as recommended by the Planning Commission at the meeting held on February 5, 2020, recommendation for approval of the Specially Designated Distributer (SDD) and Specially Designated Merchant (SDM) 'Bistro' License on behalf of the petitioner, The Platt Pontiac's Little Art Theatre, 47 N. Saginaw St, and further recommends this application be considered for approval by the Michigan Liquor Control Commission.

Department of Planning Commission-Redevelopment Liquor License

City of Pontiac

47450 Woodward Avenue, Pontiac, MI 48342

December 23, 2019

Dear City of Pontiac, Michigan Planning Commissioners,

I am requesting consideration for a new redevelopment bistro license as allotted by the City of Pontiac, Michigan for the Green Room Café (which is located at 47 N. Saginaw Street in historic downtown Pontiac, Michigan 48342 within Pontiac's Little Art Theatre).

I attempted to reach out to over 35 businesses on the Oakland County Michigan list of potential Class C liquor licenses several years ago and I was unsuccessful with locating a seller whom would be willing to accept an offer within my budget. Many of the people/businesses listed would not return my phone calls, and/or the contact information on the list was found to be significantly outdated. At that time, of the persons whom were kind enough to speak with me, their asking price ranged from as low as \$120,000 and as high as \$150,000. Therefore, I was very excited to learn about the potential opportunity to be considered by the City of Pontiac for a Redevelopment Liquor License.

I understand that your department requested updated verification from 2 local persons/businesses whom presently have a liquor license for sale. Within the last several weeks, I reached out to two local businesses who presently hold class C liquor licenses. They were willing to write a correspondence to verify our findings that their asking price isn't within my financial means at this time. Please note that I attached a letter from Pike Street Properties dated December 16, 2019 with an asking price of \$75,000-\$125,000. As well as an email correspondence from Blair McGowan dated December 22, 2019, for the asking price of \$80,000.

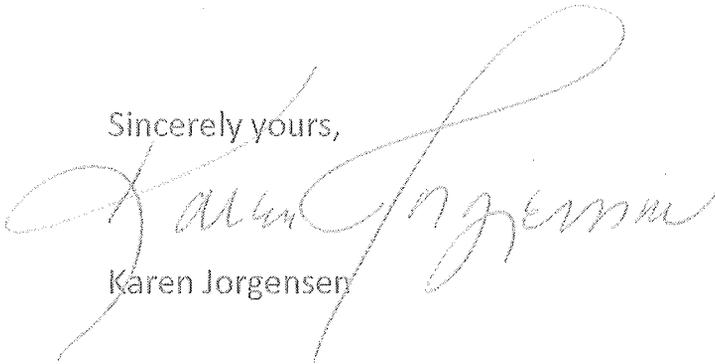

As you are likely aware, Robert Karazim and I have been very invested in the economic development in our City. We created the Canvas Pontiac art program in 2012. Three years following, we were honored to have the Detroit Institute of Arts (DIA) contact us to be a partner/sponsor to perpetuate this program for the past 4 years. Our involvement in the growth of our downtown also includes being Board members of the former Pontiac Downtown Business Association (PDBA), Board Member in Main Street Pontiac, Pontiac Rotary. We have been actively involved in programs for Oakland University to include Grizz Night, and OU Initiatives; Art Crawl; Holiday Extravaganza, Hauntic, etc.

We are proud of the PLAT for all of the vast variety of performing Arts that we have been able to attract to Pontiac. The majority of our patrons have come as far as Grand Rapids to present a series of Short Films and we regularly draw people from Birmingham, Bloomfield Hills, Auburn Hills, White Lake, Rochester, Rochester Hills, Berkley, Royal Oak, Lake Orion, etc.

The positive economic impact upon having a liquor license for the Green Room Café will enable us to bring in more people into Pontiac, as well as encourage them to tell others about their pleasant experiences. Most importantly, it will enable the Green Room Café to afford to hire a number of full time and part time staff. Presently, the majority of our staff reside in Pontiac. With the liquor license we anticipate doubling our number of employees. Anyone in the restaurant and/or entertainment industry is keenly aware that one is unable to make a sustainable profit without a liquor license.

Therefore, Robert and I would be honored to be considered for this opportunity to enhance the economic growth downtown Pontiac. I thank you in advance for your consideration to award the Green Room Café a redevelopment liquor license.

Sincerely yours,

Karen Jorgensen

The full operation of the Green Room Café and the concessions available during theater events, 47 North Inc., will be able to provide our patrons with a full choice of food and drink. This will drive more foot traffic and economic growth to the downtown.

When evaluating the application, please consider that we are the same group that developed the Arts community in Pontiac (2011-present). Partners: Robert Karazim, Karen Jorgensen and Lisa Mohler developed: The ART Revival, Canvas Pontiac (2012-2018) CP partnership with the DIA, DIA inside out program and currently are part of the coordinators and sponsors for: Art Crawl, Hauntiac and Grizz Night.

Part BB

Operating statement:

Green Room Café will operate from 10am to 8pm Tuesday through Saturday. We will offer a variety of sandwiches, soups, salads, stews, etc. We have received several awards for our chili, chicken salad and believe it or not our egg salad.

The café will also be open to coincide with all of our events at the PLAT.

The benefit for Pontiac will be: Our need to hire local staff and this will also add another food establishment to our downtown.

Who we will need to hire:

- 1) Café manager (full time)
- 2) Wait staff (2-4) (full time)
- 3) Cook (full time)
- 4) Cleaning crew (2 part time)
- 5) Theater manager (full time)
- 6) Sound and lighting technician (part time).
- 7) Projectionist (part time)
- 8) Valet service (part time)
- 9) Bartender (full time)

Our hours of operation (including the theater) will be from 10 am to 12M. We are a full time café with a part time performance art theater. We don't want to be considered a BAR. Currently, we utilize part time employees and volunteers during a theater performance. So by adding the Bistro license we will transition from part time to full time employees.

The Green Room Café is currently a licensed (Pontiac and Oakland County) café. It's only open during performances at the PLAT. Once a Bistro license is approved it will take 1-2 weeks to add all of the dispensing equipment. This will enable the café will be open full time +.

The Green Room Café is owned by 47 North, Inc.
The PLAT is a 501(c)(3) non profit Art Theater
