

WALL PACKS

LED Medium Wall Pack Light

FUDAKIN Wall Packs are a terrific source of light for any outdoor applications where illumination is required. Our full-sized Wall Pack sets a standard by which others in the industry aspire. These Wall Packs offer a direct replacement to both traditional and dark-sky friendly fixtures while blending outstanding technical innovation with quality design.

● Features

- Outstanding optical design providing an efficient light source
- Anti-glare design during evening use, enabling high safety rating
- The built-in high thermal conductivity aluminum radiator ensures excellent heat dissipation for the service life of these fixtures
- High lumen output is ideal for illuminating large, open spaces
- Attractive styling and durability
- Offers direct wall mount
- Wide input voltage, AC100-277V
- Suitable for wet locations
- High-efficiency current driver
- cULus and DLC certified
- Contains no mercury
- Suitable for use in a variety of temperate conditions

● Benefits

- Save 60% energy consumption compared to traditional lighting
- Easy installation
- Maintenance free
- High quality and reliability
- Even light distribution
- Long life

● Applications

Widely used for dark corridors, stairwells, entrances and exits, wall corners and any other areas that require illumination.
