

TROFFER

LED Troffer Indirect Light

FUDAKIN Troffer Indirect Light is a good solution to retrofit fluorescent tubes with advanced LED technology that includes dimming options. Designed to install quickly and easily in T-bar ceiling grids or pendant, these systems deliver all advantages of LED in a fixture accessible from below the ceiling plane. When illuminated, the side reflectors also deliver beautiful, even LED light to a wider range in the space as if they are integrated part of the lens(panel)

● Features

- Outstanding optical design providing an efficient light source
- Extruded aluminum, anodized surface treatment helps to create a state-of-the-art heat sink
- High lumen output is ideal for illuminating large, open indoor spaces
- Life span of more than 50,000 hours
- Attractive styling and durability
- Wide input voltage, AC100-277V
- Available in 40W ,60W and 76W
- High-efficiency current driver
- Contains no mercury
- ETL/CETL and DLC certified

● Benefits

- Save 60% energy consumption compared to traditional lighting
- Easy installation
- Maintenance free
- High quality and reliability
- Long life

● Applications

Widely used for commercial offices, hotels, retail buildings, hospitals or any large indoor area

5 FIVE YEARS WARRANTY
