3 Days Studios Launches Prairie Winds Film Series and Webinar with Free Membership Drive

Nashville, TN – 3 Days Studios is excited to announce the launch of its *Prairie Winds* film series and webinar, designed to explore the importance of family-centered storytelling. The first session, “Why Family-Centered Stories Matter Today,” will be held on December 2, 2024, at 7PM EST.

Established by veteran filmmakers, Dr. Joel Bunkowske (*His Only Son, Priceless*) and George Escobar (*Alone Yet Not Alone, The World We Make*), the webinar will highlight the studio’s mission to create faith-centered, values-driven content, starting with the *Prairie Winds* film series.

“The wait is over... after 40 years since *Little House on the Prairie* left the screen, the pioneer spirit is back,” exclaimed Bunkowske, 3 Days Studios Co-Founder and Chief Business, Legal & Financial Officer.

“Inspired by the groundbreaking model of Angel Studios, the passion of Kingdom Story Company, and countless other amazing Christian filmmakers, we are focused on content that not only entertains but also connects with audiences’ core values,” said Escobar, Co-Founder & Chief Creative Officer.

To celebrate, the studio has launched the 3 Days Studios Guild, a FREE membership program available on the studio website. Members who join during the inaugural drive will have the opportunity to express interest in investing in *Prairie Winds* and receive *Filmmaking for Christians*, a 500-page eBook that equips storytellers with practical insights and faith-based inspiration.
