OUR COMMITMENT TO YOUR BUSINESS

“ To me the AGM Group brands represent everything that is great about our industry. They have always focused on the client, innovation and impeccable service.

In 2014 I took ownership of Momentous and then in 2016 I was lucky enough to have the opportunity to acquire Abels and Gerson Relocation.

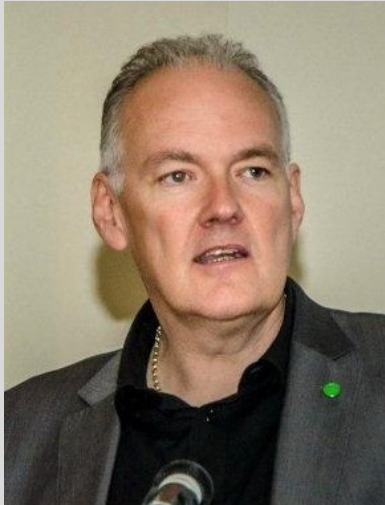

Since then we have made it a priority to invest in the areas of our business that have the greatest impact and to keep the company relevant to today's market.

We want to be your most trusted partner. ”

INVESTING IN SPECIALISED FLEET

WE HAVE CAPACITY WHEN IT IS NEEDED

Since October 2016, AGM Group increased its capacity to a fleet of 35 specialist vehicles.

From large road-trains and climate controlled vehicles with air-ride suspension to smaller packing vans we are equipped to handle all moves to and from every access point in London, the UK and Europe.

Ultra Low Emission Zone: We Are Ready

From 8 April 2019 the London Ultra Low Emission Zone will come into effect with delivery vehicles having to meet tighter emission standards.

From 25 October 2021 the zone will be extended. Movers without vehicles which meet these requirements will have problems providing services within London.
