Lady Duffers raise money for Village Walk for Cancer Research

On October 27th, the HSV Lady Duffers held a golf event to benefit the Village Walk for Cancer Research. Organized by Jann Grace and Maureen Morley, along with volunteers Patti Sheppard, Norma Coffell, Dawn Barnett and Karen Feckler, this very special fund raiser brought together 15 teams on Coronado Golf Course, and at the end of the day raised over \$1800. Many special games including closest to the pin, longest drive, and a closest to the “wavy” line, added to the fun. Raffle prizes included those donated by S & P Golf, Dogwood Tree, ReMax of Hot Springs Village, and golf pro Mike Socha. ReMax and Clampits Meat Market were hole sponsors. The Duffers Board and several of the players made cookies for a bake sale, which also contributed to the money raised.

Jann Grace says “the lady duffers were excited that we decided to do this event as so many of us are survivors. It was definitely a team effort that made this such a success.”

The proceeds from this event have driven the total money raised by the Village Walk for Cancer Research to over \$53,000. Soon the board of the Walk will meet to consider which research projects will receive grants. It is often said that it takes a (Hot Springs) Village. The Lady Duffers were a fine example of this motto in action!
