

Chateau Kennels Braque du Bourbonnais Policy and Guarantee

Costs: Pups may be reserved from Chateau Kennels for a deposit of \$200.00 dollars. Litter picks will be determined in order of deposits received. The deposit will go toward the purchase of the pup. The deposit is nonrefundable. Deposits will roll over to the next litter if there are not enough pups or preferred gender is not available in that litter. The price of the pup is \$800.00. The purchase price includes first round of shots, dew claw removal, two vet exams and registry/transfer fees.

An additional charge of \$125 is added to pups that we ship. This cost covers: An additional airline required veterinary examination, travel voucher required by airlines and the cost of traveling to the airport.

Shipping costs are determined by available flights and destination. Pups will be shipped upon receipt of full purchase price.

Preferred Gender: Put **1st** in preferred choice of gender. **2nd** in next choice if willing to take other gender should first choice not be available:

Male _____ Female _____

Guarantee: We at Chateau Kennels have the responsibility to provide you a healthy, well socialized puppy which contains all the necessary attributes needed to become everything you are looking for in a hunting dog and/or a family pet. We do guarantee the pup's health for 24 months, but make no guarantees as to hunting abilities of individual pups. It is the owner's responsibility to spend the required training time to bring out the highest potential of the pup. We will advise and help in any way we can as you train your new pup. Pups will leave our kennel with all the proper shots and veterinary health checks. We will replace your pup if a legitimate health problem is detected that results in death or the euthanization of the dog. In addition, documentation by veterinary examination provides absolute proof that the cause of illness or defect was the fault of the breeder. We will do so only upon the receipt of the pup and a veterinary health certificate detailing illness or defect. We will not be responsible for any veterinary costs in lieu of replacement pup. All of our dogs are PENN HIIP certified and determined to be clear of hip dysplasia before we will breed them. If hip dysplasia occurs in the first 24 months, Chateau Kennels will replace the pup upon transfer of registration papers and proof of neutering or spaying. The breeder is not liable for any treatment unless agreed upon in writing by the breeder in lieu of providing a replacement pup.

Owner responsibilities: The purchaser agrees to maintain the dog in a humane environment and to properly train, socialize and care for it. The dog will also be properly licensed and receive appropriate veterinary care and scheduled inoculations. **Non-Breeding Agreement: Owner or owners of said pup will agree not to breed this dog before 24 months of age and pup has been PENN HIP certified. A copy of PENN HIP evaluation must be provided to Chateau Kennels prior to removing of breeding restrictions. Pups will be registered under the restricted breeding portion of the pedigree. Purchase agreement may be signed in person when picking up your pup or if that is not possible, the agreement may be sent in with your deposit:**
