

Alien Spaceship

Craft

Fireplace
Story

If your child has a curiosity about UFOs, you should try making this super easy alien spaceship craft. Let your kids use their imagination and blast off to outer space with this budget-friendly art project.

Below you will find a list of needed supplies and step-by-step directions for creating an alien spaceship.

SUPPLIES

- PLASTIC BOWL
- ALUMINUM FOIL
- GREEN POM POMS (2)
- GOOGLY EYES (3)
- EMPTY ROUND PLASTIC CONTAINER (SMALLER THAN BOWL)
- BLACK PAINT
- PAINTBRUSH
- GOLD GLITTER GLUE
- GLUE

DIRECTIONS

- Wrap a plastic bowl completely with aluminum foil.
- Glue 2 green pom poms together and add googly eyes to create the alien.
- Use glue to attach the alien to the top of the bowl.
- Place the empty mandarin orange container over the alien. Add glue to secure the container in place.
- Paint a black ring around the alien capsule and edge of bowl. Paint black windows around the center of the spaceship.
- Dot the top and bottom edge of the bowl with gold glitter glue to create the lights on the spaceship.
