**The Roaring Lions Tackle Football Club has begun practicing in helmets. The 21-man roster has a great mix of experienced and novice players making up the Lions team. The veteran leaders have been demonstrating great leadership for the novice players in teaching them the ins and outs of playing tackle football. Our inexperienced players may not have tread on their cleats on the tackle gridiron, but all have a lot of experience playing flag and 7 V 7 football which has benefited in quickly acclimating to the tackle side of football. Coach Godsey and Magee are very impressed with the progress of the Lions with each practice. The team has a fiery drive to compete and excel at their designated positions on the field. Although some players have the lack of experience for tackle football, their grit and passion for the game is paying off for each rep that they do in practice, and it shows. This team is tough, trainable, and very talented and I have been impressed with what I have seen so far. They are becoming warriors.**

The Roaring Lions Tackle Football Club has 2 excelling quarterbacks, an unstoppable offensive line, fast and powerful running backs, tight ends, and wide receivers. Their defensive reminds me of the Steel Curtain pack in the 1970's. From top to bottom, this is one of the most talented units I have been reporting on for the last 20 years. Lions Nation will see the most talented team on the field every game.

The players on this team continue to work on their off time from practice continually honing their talents to be the best football player they can be. Their only focus is Jesus Christ, school, and of course football. I am looking forward to covering their first action against another team in the scrimmage that is coming up in a few weeks. GO LIONS!!
