## **Despite rhetoric from his opponent, Senator Feyen has been working and representing his constituents the past 150 days handling over 3,776 constituent contacts**

Fond du Lac- State Senator Dan Feyen has been criticized by his opponent for not working the past 150 days. Despite his Political Science degree, his opponent, Aaron Wojciechowski doesn't understand the job responsibilities of a State Senator. Maybe he was absent the day state government was taught in school, much like his record of attendance on the Winnebago County Board.

Since Governor Evers shutdown of the state on March 17,2020, Senator Feyen has shown that despite the risk and criticism, he has been available and busy meeting with constituents from around the district.

For the past 150 days, Senator Feyen's Official duties included, 3,776 constituent contacts, 497 being assisted for unemployment issues that continue to plague this administration. Many that remain unresolved (51%) by the inept leadership at the Department of Workforce Development.

Senator Feyen has taken part in one official session day passing COVID-19 relief, 26 conference calls, 20 media interviews, 13 caucus meetings, 10 community events, 4 WEDC meetings, 7 legislative briefing on the pandemic, 7 zoom meetings with various groups, 8 town and village meetings, 4 business tours and meetings, and 25 other various meetings around the 18<sup>th</sup> Senate District. In addition, you might see Senator Feyen out and about at the farmers markets, brat fry's, and or other community events where he likes to talk with his constituents about issues on their minds.

"To say that I have not worked in the past 150 days, is an outright lie and shows the lack of understanding for the job that my opponent has. Anyone who knows me, knows I'm active in the community and easily accessible and available to discuss any issue."
