**5. REPORTS AND CORRESPONDENCE**

**A. Chief's Report**

Interim Chief King reviewed the monthly statistics, fire prevention statistics, vehicles and staffing (including 3 POC's hired and 2 more POC's tested, with 1 passing the test), annual physicals completed and PARQ physicals still on going. We have signed a non-financial contract with Sycamore Avenue Clinic for our post-incident W/C accidents due to a recent false-positive TB skin test. Ladder testing is now complete; Aerial passed with flying colors and is NFPA compliant. He also went over the training calendar. Chief reiterated that the flyer disbursed in Valle Vista had a typo. Training continues and we are continuing the training program with Kingman Fire, we are in the process of completing the Wildland Pack Test, we are sending 3 firefighters to the MA300 course in Bullhead, 95% have completed the MCS for the first quarter, we have 7 to 8 participants taking part in the West Coast Netting Extinguisher Training, and we are continuing the annual on-line Fire Core training.

**B. Financial Report**

There were no questions on the financial reports

**C. Progress/Committee Reports**

1. 2600 Northern renovation – As of 4/3/2019 the plans were finalized by Marsh and Associates and delivered to NACFD and on 4/5/2019 the engineering plans were submitted to Mohave County Developmental Services. Also, the RFP and Contract were completed and posted on the NACFD website. The RFP was published in whole in the Kingman Daily Miner to run consecutive Tuesdays; April 9 and 16, 2019. On 4/9/2019 letters with the RFP were mailed to commercial contractors in Mohave County, including some in Wickenburg and Core Construction in Phoenix.

A questions was raised asking why we solicited contractors for bids when the approval from the County hasn't been made and it was clarified by Board Clerk Collins that this is common practice.

Chief King also clarified on the two areas of the annual audit that were in question regarding Earned time/Vacation and Extended Leave/Sick Time. The earned time discrepancy was due to the way the prior administration implemented the changes put forth by the State of Arizona with respect to earned time for part-time employees. The earned time was given to the employee as he earned it, however, the time was not entered in the system prior to payroll, therefore it created a negative number in the employee's profile. This has been corrected and now the employees accrue the earn time to use later. The extended leave discrepancy was due to a clerical error. Two employees did have the time earned, however, when payroll was processed, the wrong option was used creating a false-negative in the employee's payroll profile. We are currently looking at the HR Manual Policies and Procedures and may update them for better clarity to avoid this in the future.

Interim Fire Chief handed out a Budget Timeline for FY 2019-2020 to the board members for reference. He also gave each board member a packet showing current budget, actual fiscal year-to-date numbers and the projected budget numbers for the next fiscal year.
